

## Standard Chartered PE invests in Man Infraconstruction

**New Delhi:** Standard Chartered Private Equity has made an investment in Man Infraconstruction Limited, a fast-growing construction services company with significant expertise and experience in providing specialised civil construction services in infrastructure (primarily ports), industrial structures, residential and commercial real estate. The company has implemented projects for leading port operators such as Maersk and DP World, local corporate houses including the Rahejas, Jindals, and Praj Industries, and government institutions. Says Parag Shah, MD, Man Infraconstruction, "We are expanding our business and have a strong pipeline, with several new orders including a low-cost housing project in Maharashtra. We look forward to leveraging Standard Chartered Private Equity's strategic value-add as we execute our business plans."
