MD'S MESSAGE - 2019

**Industry Scenario:**

The Indian realty sector has undergone a huge transformation over past few years as the Government introduced several regulatory reforms. The Interim Budget presented in February 2019 addressed several long-standing issues of the real estate sector. The Government's proposal to extend the period of exemption from levy of tax on notional rent on unsold inventory from one year to two years will give a much-needed relief to the developers. The budget gives more disposable income in the hands of the buyer, while also providing tax incentives for investing in a second home. The RBI recently lowered the benchmark lending rate by 25 basis point second time in a row to 6%, the lowest level in one year. The rate cut augurs well for the Indian real estate industry as it boosts the sentiments of end user. In February 2019, the GST Council reduced the GST rates on under-construction flats to 5% on non-affordable and 1% on affordable homes without input tax credit. These measures are likely to give a timely boost to home sales, especially in the affordable housing segment.

The Government in its sustained efforts has been pushing uniformity and transparency in the real estate sector through reforms such as GST and RERA. While these reforms have helped boost homebuyer sentiment, they have changed the business of real estate for the developer permanently. The industry was beginning to stabilize gradually accepting the new norms when the liquidity crisis that stirred NBFCs (non-banking finance companies) and HFCs (housing finance companies) led to difficulties in accessing capital from lenders breaking the back of the sector. Banks have become increasingly cautious of lending to developers in backdrop of rising NPAs and delay in completion of real estate projects, further adding to the woes of the developer. Amidst the crisis, India witnessed the successful listing of its first Real Estate Investment Trust (REIT) by Blackstone and Embassy in March 2019, marking the opening of a fresh investment avenue for the real estate sector. The year 2020 is expected to bring a marked increase in Private Equity funding to the sector.

The Government has been focusing on development of infrastructure to drive strong, sustainable economic growth. For the financial year 2019-20, Rs. 4.56 lakh crore has been allocated under the Interim Union Budget for the infrastructure sector which includes roadways, railways, shipping and aviation. Government initiatives like Housing for all, Smart Cities, etc. are fuelling the growth for urban infrastructure and construction development. Construction companies with proven execution capabilities are likely to benefit from sustained Government initiatives and large investments in the infrastructure sector.

Business Operations:

The Company reported total income of Rs. 402.78 crore for the year ended 31st March, 2019. The consolidated Profit after tax stood at Rs. 41.79 crore for FY2018-19. Execution of port infrastructure works at Nhava Sheva for development of the 4th container terminal – Phase 1 at Jawaharlal Nehru Port (JNPT), Navi Mumbai was successfully completed in July 2018. Your Company executed Rs. 850 crore worth value of work in a tight schedule of 25 months. As on March 31, 2019, the Company has a balance EPC order book of Rs. 636 crore. We will increasingly look for opportunities to strengthen our EPC order book by taking projects that align with our growth strategies.

During the year, we successfully completed construction and received Occupation Certificate for 'Atmosphere' project in Mulund, Mumbai. Our focus on quality and timely execution of projects has helped us in enhancing our goodwill as a Developer. I am happy to share that despite challenging environment over the past year, our project 'Aaradhya HighPark' launched in October 2018, near Dahisar, Thane received an overwhelming response with 50% inventory being booked at launch. All our ongoing projects are moving at a steady pace, making us confident about the timely delivery of the projects.

This year, your Company is planning to launch a large-size Residential project in Ghatkopar East, Mumbai where a cluster of 14 MHADA Societies will be redeveloped. The project is being designed by eminent architect Hafeez Contractor and will have state-of-the-art amenities for the recreation of the residents. We expect to get a good response for this project as there are very few residential layouts with such amenities in the vicinity.

Way forward:

As we move forward, our aim will be to monetize our real estate projects in a way that will maximize value for the shareholders and stakeholders. With existing liquidity in hand and financial tie-ups, your Company is well positioned to cater to the construction finance requirements of all the ongoing projects. Your Company will continue to explore new growth opportunities within the real estate business with a cautious approach. While the industry continues to be weighed down by low absorption rates and excess inventory, business is gradually improving. Accelerated by the Government measures and other pivotal factors, we expect Indian real estate sector to progress with increasing demand in the year 2019-20.

As a Company, we are committed to maintain quality, ensure timely completion of projects and focus on customer satisfaction. Our vision is to create spaces that set benchmarks for the industry. With various projects under execution and the real estate sector showing signs of recovery, we believe that your Company holds a bright future.

As always, I would like to thank you for your continuing confidence and support. I thank all the employees for their sustained endeavours in meeting the challenges posed before the organization. I would also like to extend my sincere gratitude to all the stakeholders including customers, vendors, partners, banks and Government institutions for their consistent co-operation and support.

Warm Regards,

Parag Shah

[Pursuant to section 204(1) of the Companies Act, 2013 and Rule No. 9 of the Companies (Appointment and Remuneration of Managerial Personnel) Rules, 2014]

FOR THE FINANCIAL YEAR ENDED 31ST MARCH, 2019

To,
The Members,

Man Infraconstruction Limited

12th Floor, Krushal Commercial Complex,
Above Shoppers Stop, G.M. Road,
Chembur (West), Mumbai - 400 089

Dear Sirs,

We have conducted the secretarial audit of the compliance of applicable statutory provisions and the adherence to good corporate governance practice by **Man Infraconstruction Limited** (hereinafter called "**the Company**"). Secretarial Audit was conducted in a manner that provided us a reasonable basis for evaluating the corporate conducts/statutory compliances and expressing our opinion thereon.

Based on our verification of the Company's Books, Papers, Minutes Books, Forms and Returns filed and other records maintained by the Company and also the information provided by the Company, its officers, agents and authorized representatives during the conduct of secretarial audit, we hereby report that in our opinion, the Company has during the financial year ended 31st March, 2019, complied with the statutory provisions listed hereunder and also that the Company has proper Board processes and compliance mechanism in place to the extent, in the manner and subject to the reporting made hereinafter:

1. We have examined the books, papers, minute books, forms and returns filed and other records maintained by the Company as given in **Annexure I**, for the financial year ended on 31st March, 2019, according to the provisions of:
 - (i) The Companies Act, 2013 ('the Act') and the rules made thereunder to the extent applicable;
 - (ii) The Securities Contracts (Regulation) Act, 1956 ('SCRA') and the rules made thereunder;
 - (iii) The Depositories Act, 1996 and the Regulations and Bye-laws framed thereunder;
 - (iv) Foreign Exchange Management Act, 1999 and the rules and regulations made thereunder to the extent of Foreign Direct Investment, Overseas Direct Investment and External Commercial Borrowings;
2. The following Regulations and Guidelines prescribed under the Securities and Exchange Board of India Act, 1992 ('SEBI Act'):-

- (i) The Securities and Exchange Board of India (Prohibition of Insider Trading) Regulations, 2015;
 - (ii) The Securities and Exchange Board of India (Substantial Acquisition of Shares and Takeovers) Regulations, 2011; and
 - (iii) The Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015;
3. Provisions of the following Regulations and Guidelines prescribed under the Securities and Exchange Board of India Act, 1992 ('SEBI Act') were not applicable to the Company under the financial year under report:-
 - (i) The Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2009;
 - (ii) The Securities and Exchange Board of India (Issue and Listing of Debt Securities) Regulations, 2008;
 - (iii) The Securities and Exchange Board of India (Delisting of Equity Shares) Regulations, 2009;
 - (iv) The Securities and Exchange Board of India (Buyback of Securities) Regulations, 1998;
 - (v) The Securities and Exchange Board of India (Share Based Employee Benefits) Regulations, 2014; and
 - (vi) The Securities and Exchange Board of India (Registrars to a Issue and Share Transfer Agents) Regulations, 1993, regarding the Companies Act and dealing with client;
 4. We have been informed by the Company that there are no specific laws applicable to the Company considering the nature of its business.

We have also examined compliance with the applicable clauses of the Secretarial Standards issued by The Institute of Company Secretaries of India under the provisions of the Companies Act, 2013 and during the financial year under report, the Company has complied with the provisions of the Act, Rules, Regulations, Guidelines, Standards, etc. mentioned above.

We further report that:

The Board of Directors of the Company is duly constituted with proper balance of Executive Directors, Non-Executive Directors and Independent Directors. The changes in the composition of the Board of Directors that took place during the year under review were carried out in compliance with the provisions of the Act.

Adequate notice is given to all Directors to schedule the Board Meetings, agenda and detailed notes on agenda were sent at least seven days in advance, and a system exists for seeking and obtaining further information and clarifications on the agenda items before the meeting and for meaningful participation at the meeting.

REPORT ON CORPORATE GOVERNANCE

1. Company's Philosophy on code of Corporate Governance:

Corporate Governance is a value-based framework for managing the affairs of the Company in a fair and transparent manner. As a responsible Company, Man Infraconstruction Limited ('MICL') uses this framework to maintain accountability in all its affairs, and employ democratic and open processes, which in turn leads to adoption of best governance practices and its adherence in true spirit, at all times. The Company's philosophy is primarily based on the principles of integrity, transparency, fairness, accountability, full disclosure and independent monitoring of the state of affairs. The Board of Directors ('the Board') is at the core of our corporate governance practice and oversees how the Management serves and protects the long-term interests of all our stakeholders. We believe that an active, well-informed and independent Board is necessary to ensure the highest standards of Corporate Governance. This governance protects and balances the interests of all the stakeholders thereby enhancing the shareholder value.

2. Kotak Committee on Corporate Governance

The Securities and Exchange Board of India ('SEBI') accepted some of the recommendations with or without modifications on 28th March, 2018 of the Kotak Committee on Corporate Governance and consequently, on 9th May, 2018 the SEBI amended (Listing Obligations and Disclosure Requirements) Regulations, 2015 (Listing Regulations). Your Company welcomes this progressive step of SEBI and has already been in compliance with the recommendations made by the Kotak Committee as part of its Corporate Governance framework.

3. The Governance Structure:

MICL's governance structure is based on the principles of freedom to the executive management within a given framework to ensure that the powers vested in the executive management are exercised with due care and responsibility so as to meet the expectation of all the stakeholders. In line with these principles, the Company has formed three tiers of Corporate Governance structure, viz.:

(i) The Board of Directors

The primary role of the Board is to protect the interest and enhance value for all the stakeholders. They conduct overall strategic supervision and control by setting the goals & targets, policies, governance standards, reporting mechanism, accountability and decision making process to be followed.

(ii) Committees of Directors

Committees of Directors such as Audit Committee, Nomination & Remuneration Committee, Stakeholder Relationship Committee, Corporate Social Responsibility Committee and Management Committee are focused on financial reporting, audit & internal controls, compliance issues, appointment and remuneration of Directors and Senior Management Employees, implementation and monitoring of CSR activities.

(iii) Executive Management

The Executive Directors are responsible for achieving the Company's vision and mission, business strategies, project execution, significant policy decisions and all the critical issues having significant business & financial implications. They are also responsible for the overall performance and growth of the Company and to ensure implementation of the decisions of the Board of Directors and its various Committees.

4. Board of Directors:

i. Composition of Board:

The Company has a very balanced and diverse Board of Directors, which primarily takes care of the business needs and stakeholders' interest. The Non-executive Directors including Independent Directors on the Board are experienced, competent and highly renowned persons from their respective fields of expertise. They take active part at the Board and Committee Meetings by providing valuable guidance to the Management on various aspects of business, policy direction, governance, compliance etc. and play pivotal role on strategic issues, which enhances the transparency and add value in the decision making process of the Board of Directors.

The composition of the Board as on 31st March, 2019 is in conformity with the provisions of the Companies Act, 2013 and Regulation 17(1) of Securities and Exchange Board of India (Listing Obligations and Disclosure Requirements) Regulations, 2015 ("SEBI Regulations"). Management Discussion and Analysis

Indian Economy:

India's Gross Domestic Product (GDP) grew at a rate of 6.6% in the third quarter (October-December) slipping from 7.0% in the second quarter (July-September) and 8.0% in the first quarter (April – June) of the fiscal year 2018-19. According to the Ministry of Statistics, the growth in GDP during 2018-19 is estimated at 7.0% as compared to the growth rate of 7.2% in 2017-18. The slowdown was led primarily by the subdued expansion in Agriculture and Manufacturing sectors. The agricultural growth slumped to 2.7% in Q3FY19, from 4.2% in Q2FY19. Manufacturing activity slowed down considerably over the course of the year with GVA estimated to have grown by 6.7% in Q3FY19, down from 12.4% in Q1FY19.

The International Monetary Fund (IMF), in its World Economic Outlook (WEO), projected India's GDP growth rate at 7.3% in 2019 and 7.5% in 2020 as against China's 6.3% and 6.1% during the same period, making India the fastest growing economy among emerging economies.

High crude oil prices, currency fluctuation and tight liquidity condition-aftermath of NBFC crisis, were some of the factors that impacted the overall economic activity. However, continued implementation of structural reforms and easing of infrastructure bottlenecks is expected to stabilize growth in India.

Infrastructure and Construction:

The construction sector continued to show signs of an upswing, growing at 9.6% in Q3FY19, up from 8.5% in Q2FY19. The CSO pegged the sector's full-year growth at 8.9%, up from 5.6% the year before, on the back of infrastructure spending push by the Government.

There has been a significant push from the Government on India's infrastructure development ever since it came to power in 2014. As infrastructure is highly responsible for propelling growth of other sectors and India's overall development, Government of India is giving huge impetus for development of infrastructure and construction services through focused policies such as open FDI norms, large budget allocation to infrastructure sector, Smart cities mission, etc. to boost the sector.

A total of Rs. 4.56 lakh crore was allocated to the infrastructure sector under the Interim Union Budget 2019-20 which includes allocation for railways, roads, shipping and aviation.

Growth Drivers:

Urban Infra Development

The Government of India has taken several initiatives to encourage urban infrastructure development. Initiatives such as Housing for All, Smart Cities, AMRUT, etc. are fuelling the growth of urban infrastructure and construction development. Below are some of the major Government initiatives which will open numerous opportunities for construction companies:

“**Smart Cities Mission**” is an urban renewal program with the mission to develop 100 cities across the country. Rs. 2.05 lakh crore will be invested by Government of India to make 100 cities citizen friendly and sustainable.

“**Pradhan Mantri Awas Yojana (Urban)**” scheme under the ambitious “**Housing for All**” program, has been allocated Rs. 6,853.26 crore in the Union Budget 2019-20. In February 2018, the Union cabinet approved creation of a Rs. 60,000-crore National Urban Housing Fund (NUHF) to finance the Housing for All program, which aims to build 12 million affordable housing units in urban areas by 2022.

Atal Mission for Rejuvenation and Urban Transformation (AMRUT) scheme, which aims at ensuring robust sewage networks, water supply and other infrastructure to improve the quality of life of people in urban areas has been allocated Rs. 7,300 crore in the current fiscal.

The Government has set aside Rs. 19,152 crore for Mass Rapid Transit System (MRTS) and Metro projects across the country.

Roads & Bridges

Ministry of Road, Transport & Highways has been allocated Rs. 1.12 lakh crore in the Interim Union Budget 2019-20 for development of National highways, Roads & Bridges across the country. The Government of India's ambitious 'Bharatmala Pariyojana' Program aims to deliver seamless connectivity within the interior and backward areas of the country, and develop around 35,000 km of roads in Phase-I at an estimated cost of Rs. 5.35 lakh crore by 2022.

Sl. No.	Components	Length Km	Outlay Rs. crore
a.	Economic corridors development	9,000	120,000
b.	Inter-corridor & feeder roads	6,000	80,000
c.	National Corridors Efficiency improvements	5,000	100,000
d.	Border & International connectivity roads	2,000	25,000
e.	Coastal & port connectivity roads	2,000	20,000

g.	Balance road works under NHDP	10,000	150,000
Total		34,800	535,000

With Government allowing 100% FDI in the roads sector, foreign investors have constituted consortium with Indian companies to participate in the development of road projects in the country. Construction companies are expected to benefit from the upcoming opportunities in the roads sector.

Port Infrastructure

Since ports handle almost 95% of trade volumes in India, the rising trade has contributed significantly to the country's cargo traffic. In order to meet the ever increasing trade requirements of the country, the focus has been on the infrastructure development and capacity enhancement of the Ports.

The Government of India has embarked on the ambitious Sagarmala Program which aims to promote port-led development in the country. As part of Sagarmala Program, 604 projects (Cost: Rs. 8.8 Lakh crore) have been identified for implementation, during 2015-2035, across the areas of port modernization & new port development, port connectivity enhancement, port-linked industrialization and coastal community development. As of 30th Sep, 2018; a total of 522 projects (Cost: Rs. 4.32 Lakh crore) were under various stages of implementation, development and completion.

Projects under Sagarmala program

	Till 2018-19		2019 - 2035		Total

India's 12 major ports handled 699.04 million tonnes (MT) of cargo during April 2018 – March 2019. The total cargo handling capacity in Major Ports as on 31st March, 2018 was 1,451.19 million tonnes per annum (MTPA). Ministry of Shipping, along with the State Governments are striving to increase the overall port capacity to 3,500 MTPA to cater to the projected traffic of 2,500 MTPA by 2025.

Source: www.sagarmala.gov.in

The Government of India has allowed FDI upto 100% under Automatic Route for port development projects. Ports sector in India has received a cumulative FDI of USD 1.64 billion between April 2000 and December 2018. Increasing investments and cargo traffic bolstered by progressive policies and various Government initiatives point towards a healthy outlook for the Indian ports sector. Port infra service providers are expected to benefit from these investments.

Real Estate Development

- Increasing Urbanisation:**

Increasing income, urbanization and economic growth are driving residential real estate demand in India.

Services sectors such as IT and ITeS, retail, consulting and e-commerce have registered high demand for office space driving growth of commercial real estate in the country.

• Policy Support:

Policy reforms like GST and RERA have led to greater transparency, and institutional investors are now looking at Indian real estate with renewed interest.

To boost demand in the real estate sector, the GST Council, on February 24, 2019, slashed tax rates for under-construction flats to 5% and affordable homes to 1%, effective April 1, 2019.

• Tax Reforms:

Interim Finance Minister Piyush Goyal proposed a number of tax benefits for the homebuyers in the Interim Budget 2018-19 like -

- Exemption on levy of income tax on notional rent on a second self-occupied house proposed
- TDS threshold for deduction of tax on rental income proposed to be increased from Rs. 1.8 lakhs to Rs. 2.4 lakhs
- Reinvestment of capital gains in two residential houses proposed, for an individual having capital gains up to Rs. 2.0 crores

Tax exemptions to home buyers and owners and reduction in GST are likely to drive demand in the housing segment.

• Increasing Investments:

The Securities and Exchange Board of India (SEBI) has given its approval for the Real Estate Investment Trust (REIT) platform which will help in allowing all kinds of investors to invest in the Indian real estate market.

According to EY's Private Equity Monthly Deal Tracker - March 2019, real estate witnessed a steady increase in the PE/VC investments on a month-on-month basis from January to March 2019. However, on a quarterly basis, real estate attracted USD 1.47 billion investments in Q12019 marginally higher than USD 1.46 billion investments in Q42018.

According to ANAROCK Property Consultants' research, 2019 has started on a positive note with residential unit launches recording a 27% increase in Q1 2019 over the previous quarter across top 7 cities of India. In Q1 2019, Sales across top 7 cities of India increased by 12% over the previous quarter to attain the highest volume since Q1 2016. MMR sales rose by 19% – from 20,220 units in Q4 2018 to 24,010 units in Q1 2019. This signals fresh optimism in the sector.

Backed by positive economic fundamentals, healthy demand and quality supply infusion across sectors, India's real estate sector is poised for strong growth in FY2019-20 auguring well for companies like Man Infra that are on both sides of business - Real Estate Development and Construction services.

Operational Review:

Man Infraconstruction Ltd. (Man Infra) has two business verticals viz., Construction and Real Estate Development. Man Infra is an integrated EPC (Engineering, Procurement and Construction) Company with five decades of experience and execution capabilities in Port, Residential, Commercial & Industrial and Road construction segments with projects spanning across India. As a Real Estate Developer, Man Infra has delivered 6 Residential projects in Mumbai and is recognized for its superior quality construction and timely project delivery. The Company has extensive experience in construction management and has inherent skills and resources to develop and deliver real estate projects.

EPC –

Man Infra is executing construction of 4 residential buildings of Project 'Aaradhya HighPark' near Dahisar, Thane; valued at approximately Rs. 308.7 crore. The total outstanding EPC order book stands at Rs. 636.5 crore as on March 31, 2019. Out of the total order book, 96% was contributed by Residential & Government Residential segment and balance 4% was contributed by Infrastructure segment.

Man Projects Limited (MPL), subsidiary of Man Infraconstruction Limited completed execution of port infrastructure works for development of 4th container terminal, Nhava Sheva – Phase 1 at Navi Mumbai in financial year 2018-19. MPL had received this order worth Rs. 751 crore in June 2016 from PSA Singapore which was to be executed in 22 months. However, on account of expansion in scope of work, the total value of work executed as the project got completed was over Rs. 850 crore.

Real Estate –

The current portfolio of the Group includes 3 ongoing and 3 upcoming residential development projects in Mumbai/MMR with an approximate saleable area of 6 million sq. ft.

During the year, the Group launched 4 towers from total 6 towers of Phase 1 of the Project 'Aaradhya Highpark' near Dahisar, Thane in October 2018. The project received an overwhelming response. Total saleable area for Aaradhya HighPark - Phase 1 is approximately 1.2 million sq.ft.

MICL Developers LLP (where Man Infra holds 99.99%) is developing project 'Aaradhya Eastwind' which is a MHADA redevelopment project at Vikhroli, Mumbai having a potential of approximately 0.17 million sq.ft. of saleable area. The construction work has commenced and the project has been registered with RERA.

The construction work for project 'Aaradhya Nine' which is being developed by MICL Realty LLP (where Man Infra holds 46.00% stake) is progressing as per the delivery schedule. The Company started recognizing revenue for 'Aaradhya Nine' in financial year 2018-19. The project is expected to get completed in financial year 2019-20. Sales Progress for 'Aaradhya Nine' has been satisfactory.

Phase 1 of the Residential project 'Atmosphere' having a saleable area of 0.85 million sq. ft. got completed in financial year 2018-2019. The project 'Atmosphere' is being developed by Atmosphere Realty Private Limited (where Man Infra holds 17.50% stake). It is in joint venture with The Wadhwa Group and Chandak Developers. As on 31st March, 2019, only 12% of inventory is unsold, which will be monetized in financial year 2019-20.

The Group is expecting to launch two residential projects in financial year 2019-20 which include -

- (i) The MHADA Redevelopment project which is being developed by Man Realtors and Holdings Private Limited (where Man Infra holds 66.00%). This project is located at Ghatkopar East, Mumbai and has a potential of developing approximately 1.0 million sq.ft. of saleable area.
- (ii) Atmosphere Realty Private Limited (where Man Infra holds 17.50%) will be launching the second phase of Project 'Atmosphere' having a potential saleable area of 1.5 million sq.ft. in financial year 2019-20.

As on March 31, 2019, the Holding Company Man Infra has cash & cash equivalent of Rs. 60.3 crore approximately. Going ahead, the Company will focus on expediting the launch of its upcoming projects and completing the ongoing projects in time. The Company will continue to explore opportunities to add prudent EPC and real estate projects to its portfolio.

Financial Performance:

Rs. In Lakhs

Particulars	Consolidated		Standalone	
	FY 2018-19	FY 2017-18	FY 2018-19	FY 2017-18
Total Revenue	37,125.69	65,160.19	16,648.47	19,286.71
Total Income	40,278.22	69,575.32	27,398.12	28,311.84
Profit before tax	8,545.36	17,876.63	14,276.60	10,221.41
Profit after tax	4,178.99	6,652.58	10,851.58	7,367.04
PAT Margin (%)	10.38	9.56	39.61	26.02

The decrease in Consolidated Revenue from operations in FY2018-19 on a year-on-year basis was primarily on account of dip in revenue from the subsidiary Man Projects Limited (MPL) on a year-on-year basis as a substantial portion of the port project executed by MPL was completed in FY2018.

The increase in Standalone Profit after tax in FY2018-19 on a year-on-year basis was mainly due to increase in dividend income received from subsidiary and income from Project Management & Consultancy (PMC) fees.

Risk Management:

The Company works in an environment which is affected by various factors, some of which are controllable while some are outside the control of the Company. At Man Infra, we have developed a robust risk management framework that reduces the volatility due to unfavorable internal and external events, facilitates risk assessment and mitigation procedure, lays down reporting procedure and enables timely reviews by the management. The following section discusses some of these risks and steps taken by Man Infra to mitigate such risks.

1. **Economic Risk**
 - a. Risk: An unexpected development in any of the macroeconomic variables that may adversely impact the Company's profitability or viability. Both Infrastructure and real estate are cyclical industry and they get impacted more by the changes in macroeconomic variables like interest rate, GDP Growth, purchasing power, inflation, among others.
 - b. Mitigation Plan: Man Infra continues to be conservative and follows well defined internal prudential norms. The Company has attempted to hedge against the inherent risks of real estate business by following joint development model. It maintains a low debt equity ratio, adequate liquidity and strong clientele with broadly timely payment track-record which helps in minimizing the impact of any downturn in economy.
2. **Policy Risk**
 - a. Risk: Maharashtra finalized the rules under the Real Estate Regulation and Development Act (RERA), 2016; its Housing Regulatory Authority has started operating from May 1, 2017. The Authority has been setup to bring in more transparency and accountability from developers, protect the interests of the buyer and also

penalize the non-compliant builders. RERA seeks to address issues like delays, quality of construction and title among others.

Any such non-compliance with RERA regulations or delay in project delivery may result in cost overruns and impact the Company's operations unfavorably.

- b. Mitigation Plan: Man Infra has put in place processes that include milestone based time & quality checks that help to ensure adherence to quality, cost and delivery as per the plan. All the ongoing projects of the Group are registered under RERA. The Company maintains financial discipline with regards to the investment and subsequent cash flow generation from a project. The Company has a past track record of delivering the projects before time and maintaining high quality standards.

3. Execution Risk

- a. Risk: Real estate and construction projects are subject to various execution risks like regulatory hurdles, delay in receipt of approvals, availability of labour and raw material, etc. Any such delay may result in cost overruns and impact the Company's operations unfavorably.
- b. Mitigation Plan: The Company deploys a well-defined standard operating procedure – from project planning to delivery – and adheres to internal checks and balances with regards to every project. Extensive diligence is carried out before entering into partnerships for joint development.

4. Liquidity Risk

- a. Risk: The Real estate business has significant initial outflow with staggered and long-term inflows. As per RERA, the developer is required to set aside 70% of the funds received for a particular project, in a dedicated escrow (bank) account and can only be used for construction activities. Delays in project cycle; inadequate funding resources may have an impact on the liquidity position of the Company.
- b. Mitigation Plan: The Company maintains financial discipline with regards to the investment and subsequent cash flow generation from a project. Moreover, the Company has also been taking adequate measures to manage working capital cycles like monitoring and closely following up with debtors. For the EPC business, the Company also receives mobilization advances, which aids liquidity management. On the consolidated level, the Group's balance sheet is low geared with a Debt:Equity ratio of 0.65x as on March 31, 2019.

5. Input Price Risk

- a. Risk: The Group's Real estate operations as well as EPC contracts are subject to cost overruns due to increase in material cost or labour cost. The Company's earnings may be affected from the volatility in the price of input.
- b. Mitigation Plan: For EPC projects, Man Infra has a price escalation clause where the increase in the input cost is directly passed to the client. For development projects, Man Infra takes this risk into account at the time of launch. Also, the Company usually sells the projects in a

phased manner which aids in covering the rise in cost of construction in subsequent sale.

6. Sales Volume

- a. Risk: The performance of the Company may be affected if there is substantial difference between the estimated and actual sales volume of the real estate development projects.
- b. Mitigation: The volume of sales in the real estate business depends on the nature and location of the project, design & layout and the reputation of the developer. Man Infra strives to build a worthy reputation in the industry by delivering superior quality product and maintaining long-binding relationships with all its clients and stakeholders. The Company constantly focuses on deploying latest technologies for projects and cost effective measures to enhance operational efficiency resulting in timely delivery. Man Infra also strives to offer distinctive features in its projects to stand out from competition.

Human Resources

The Company believes that its capability to preserve and continue its growth depends largely on its strength of developing, motivating and retaining talent. It firmly believes that highly motivated and empowered employees are its best assets to maintain a competitive edge in the market. The management is committed to continuously upgrading skills and competency at all levels with the aid of extensive training. The Company is committed to ensure employees' safe working conditions and social awareness. Man Group has a team of more than 480 employees as on 31st March, 2019.

The Company's employees possess requisite qualifications and technical expertise to execute projects across the real estate and construction services domain. The Company's HR continues to focus on maintaining excellent work culture, employee development and competitive compensation to ensure a motivated and empowered workforce.

Internal Control Systems

The Company has an adequate internal control system to safeguard all assets and ensure their efficient productivity. The Company practices quality management system for design, planning and construction that complies with International quality standards. The Company has a suitable internal control system for the business processes, operations, financial reporting, compliance with applicable laws and regulations. Enterprise Resource Planning Software is in implementation for Head Office and most of the Sites. The Internal Audit firm conducts periodical audits to ensure adequacy of internal control systems and adherence to management policies. Wherever deemed necessary, internal control systems are also reassessed and corrective action is taken, if required.

Cautionary Statement

This management discussion and analysis may contain forward looking statements that reflects your Company's performance with respect to future events. The actual results may differ materially from those anticipated in the forward looking statements as a result of many factors.

Independent Auditor's Report

TO THE MEMBERS OF Man Infraconstruction Limited
Report on the Audit of the Standalone Financial Statements
Opinion

We have audited the accompanying standalone financial statements of **Man Infraconstruction Limited** ("the Company"), which comprise the Balance Sheet as at March 31, 2019, the Statement of Profit and Loss (including Other Comprehensive Income), Statement of Changes in Equity and the Cash Flow Statement for the year then ended, and a summary of significant accounting policies and other explanatory information (hereinafter referred to as "the standalone financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the Companies Act 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the Companies (Indian Accounting Standards) Rules, 2015, as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2019, its profit and total comprehensive income, changes in equity and its cash flows for the year ended on that date.

Basis of Opinion

We conducted our audit of standalone financial statements in accordance with the Standards on Auditing specified under section 143(10) of the Act (SAs). Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Standalone financial statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the ethical requirements that are relevant to our audit of the standalone financial statements under the provisions of the Act and the Rules made thereunder, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the Code of Ethics issued by ICAI. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion on the standalone financial statements.

Key Audit Matters

Key audit matters are those matters that, in our professional judgement, were of most significance in our audit of the standalone financial statements of the current period. These matters were addressed in the context of our audit of the standalone financial statements as a whole, and in forming our opinion thereon and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report.

Sr. No.	Key Audit Matter	Auditor's Response
1	<p>Revenue recognition over time in Construction contracts</p> <p>From financial year 2018-19, the Company has applied Ind AS 115 "Revenue from Contracts with Customers". The main portion of the Company's income relates to construction contracts. In all material respects revenue is related to construction projects and is recognised over time,</p>	<p>We have performed analytical reviews of revenue and margins reported and evaluated management's routines for follows up of the projects financial results and also discussed the latter with management.</p> <p>On the sample basis, we have examined revenue and the recognised project costs on</p>

<p>i.e., applying percentage of completion. Thus revenue and costs in construction projects is recognized based on assumptions and estimates on future outcome as documented in the projected forecasts. These forecasts include estimates of costs for, e.g., labour, material, subcontractors and defect liability. From time to time, the latter may require updated estimates also for completed projects. As applicable, forecasts also include assessments of claims on customers relating to, e.g., change or additional orders and deficiencies in tender conditions. The element of assumptions and estimates means that final results may deviate from those now reported. The size of the amounts involved combined with the elements of assumptions and estimates makes this a key audit matter.</p>	<p>which the determination of completion ratio is based. Information Other than the Standalone Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the preparation of the other information. The Other Information comprises the information included in Annual Report but does not include the standalone financial statements and our auditor's report thereon.

Our opinion on the standalone financial statements does not cover the Other Information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained during the course of our audit, or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibility of Management and Those Charged with Governance for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance (including other comprehensive income), changes in equity and cash flows of the Company in accordance with Ind AS and other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that

give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors are also responsible for overseeing the Company's financial reporting process.

Auditor's Responsibility for the Audit of the Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

Materiality is the magnitude of the misstatement in the standalone financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the standalone financial statements may be influenced. We consider quantitative materiality and qualitative factors in; (i) planning the scope of our audit work and evaluating the results of our work; and (ii) to evaluate the effects of any identified misstatements in the standalone financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements:

1. As required by the Companies (Auditor's Report) Order, 2016 ("the Order") issued by the Central Government of India in terms of section 143(11) of the Act, we give in the "Annexure A" a statement on the matters specified in the paragraph 3 and 4 of the Order.
2. As required by section 143(3) of the Act, we report that:
 - (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit;
 - (b) In our opinion proper books of account as required by law have been kept by the Company so far as appears from our examination of those books;
 - (c) The Balance Sheet, Statement of Profit and Loss (including Other Comprehensive Income), Statement of Changes in Equity and the Cash Flow Statement dealt with by this Report are in agreement with the books of account;
 - (d) In our opinion, the aforesaid standalone financial statements comply with the Ind AS specified under section 133 of the Act read with relevant rules issued thereunder and relevant provisions of the Act ;
 - (e) On the basis of written representations received from the Directors as on March 31, 2019 and taken on record by the Board of Directors, none of the Directors are disqualified as on March 31, 2019 from being appointed as a Director in terms of section 164 (2) of the Act
 - (f) With respect to the adequacy of the internal financial controls over financial reporting of the Company and the operating effectiveness of such controls, refer to our separate Report in "Annexure B";
 - (g) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended:

In our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Company to its directors during the year is in accordance with the provisions of section 197 of the Act.
 - (h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us:
 - (i) The Company has disclosed the impact of pending litigations on its financial position in its financial statements – Refer Note No. 4.02 to the standalone financial statements;
 - (ii) The Company did not have any material foreseeable losses on long-term contracts including derivative contracts; and

- (iii) There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Company.

Annexure A to the Independent Auditor's Report

Referred to in paragraph 1 under "Report on Other Legal and Regulatory Requirements" of our report on even date, to the members of the Company on the standalone financial statements for the year ended March 31, 2019:

- (i) (a) The Company has maintained proper records showing full particulars including quantitative details and situation of its Property, Plant and Equipment except for steel shuttering materials for which, as informed to us, considering nature of assets, maintenance of quantitative details is not feasible.
- (b) According to the information and explanations given to us, most of the Property, Plant and Equipment of the Company were physically verified by the management during the year except for steel shuttering materials which, as informed to us is not feasible to verify. No material discrepancies were noticed on such verification. In our opinion, the frequency of verification is reasonable having regard to the size of the Company and the nature of its Property, Plant and Equipment.
- (c) According to the information and explanations given to us and based on verification of records, we report that the title deeds of immovable properties excluding self-constructed properties, held as Property, Plant and Equipment, which includes certain properties mortgaged with lenders who have extended credit facilities to the Company, are held in the name of the Company.
- (ii) During the year, the management has physically verified the inventory at reasonable interval. We have been informed that the discrepancies noticed on physical verification, as compared to the book records, were not material having regards to size and nature of operations and have been properly dealt with in the books of account.
- (iii) The Company has granted unsecured loans to companies and limited liability partnerships covered in the register maintained under section 189 of the Act.
- (a) In our opinion, the terms and conditions of such loans are not prima facie prejudicial to the interest of the Company.
- (b) According to the information and explanations given to us, these loans are for a fixed period with an option with the Company to demand earlier payment and also option with these entities for pre-payments. The repayments and receipts are regular.
- (c) There is no amount which is overdue for more than ninety days in respect of such loans.
- (iv) Based on audit process applied by us and according to the information and explanation given to us, in our opinion, the Company has complied with the provisions of section 185 and section 186 of the Act, in respect of the loans and investments made, and guarantees and security provided by it.
- (v) In our opinion and according to the information and explanation given to us, the Company has not accepted deposits from the public and therefore, the provisions of section 73 to section 76 or any other relevant provisions of the Act and Rules framed there under are not applicable to the Company. We have been informed that no other

order has been passed by Company Law Board or National Company Law Tribunal or Reserve Bank of India or any court or any other tribunal.

- (vi) We have broadly reviewed the books of account and records maintained by the Company relating to its construction activity, pursuant to the order made by the Central Government for the maintenance of cost records under sub-section 1 of section 148 of the Act, and are of the opinion that prima facie the prescribed accounts and records have been made and maintained. We have, however, not made a detailed examination of the records with a view to determining whether they are accurate or complete.
- (vii) (a) Based on the records produced before us, the Company is generally regular in depositing with appropriate authorities undisputed statutory dues such as Provident Fund, Employees' State Insurance, Sales Tax, Income Tax, Service Tax, Custom Duty, Goods and Service Tax, cess and other applicable statutory dues with the appropriate authorities. There are no arrears as at March 31, 2019 which were due for more than six months from the date they became payable.
- (b) The details of disputed prescribed statutory dues, that have not been paid by the Company are as under:

Name of the Statute	Nature of Dues	Forum where dispute is pending	Financial Year	Amount (₹)	Amount paid under Protest (₹)
TNGST Act, 1959	Sales Tax	The Assistant Commissioner (CT), Chennai	2006-07	0.31 lakhs	-
Income Tax Act, 1961	Tax and Interest	Commissioner of Income Tax(Appeals)	2013-14	6.12 lakhs	-
Finance Act, 1994	Service Tax	Customs, Central Excise and Service Tax Appellate Tribunal (CESTAT)	2009-10	80.65 lakhs	5.49 lakhs
Finance Act, 1994	Interest & Penalty	Customs, Central Excise and Service Tax Appellate Tribunal (CESTAT)	2009-10 & 10-11	2,179.16 lakhs	108.95 lakhs
Finance Act, 1994	Service Tax	Customs, Central Excise and Service Tax Appellate Tribunal (CESTAT)	2012-13 to 13-14	6,645.22 lakhs	332.26 lakhs

- (viii) Based on our audit procedures and according to the information and explanation given to us, we are of the opinion that the Company has not defaulted in repayment of loans or borrowing to banks, financial institutions, government or dues to debenture holders. There are no debenture holders at any time during the year.
- (xi) The Company has not raised any money by way of initial public offer or further public offer (including debt instruments) nor any term loans during period under audit. Accordingly, provision of this clause of the order is not applicable to the Company.
- (x) During the course of our examination of the books and records of the Company, carried out in accordance with the generally accepted auditing practices in India and according to the information and explanations given to us, no instances of material fraud by the Company or on the Company by its officers and employees have been noticed or reported during the year.
- (xi) According to the information and explanation provided to us and based on our examination of the records of the Company,

the Company has paid/provided for managerial remuneration in accordance with the requisite approvals mandated by the provisions of section 197 read with Schedule V to the Act.

- (xii) In our opinion and according to the information and explanation given to us, the Company is not a Nidhi Company. Accordingly, Clause 3(xii) of the Order is not applicable.
- (xiii) In respect of transactions with related parties, the Company has complied with provisions of sections 177 and section 188 of the Act wherever applicable. Necessary disclosures relating to related party transactions have been made in the financial statements as required by the applicable accounting standard.
- (xiv) The Company has not made any preferential allotment or private placement of shares or fully or partly convertible debentures during the year under review and hence the clause 3(xiv) of the Order is not applicable to the Company.
- (xv) The Company has not entered into non-cash transaction with directors. We have been informed that no such transactions have been entered into with persons connected with directors. Accordingly, para 3(xv) of the Order is not applicable to the Company.
- (xvi) The Company is not required to get registered under 45-IA of the Reserve Bank of India Act, 1934.

**Annexure B to the Independent Auditor's Report
Report on the Internal Financial Controls under section 143(3)(i) of the Act**

Opinion

We have audited the internal financial controls with reference to financial statements of the Company as of March 31, 2019 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

In our opinion, the Company has, in all material respects, an adequate internal financial controls system with reference to financial statements and such internal financial controls with reference to financial statements were operating effectively as at March 31, 2019, based on the internal control with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note.

Management's Responsibility for Internal Financial Controls

The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control with reference to financial statements criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the 'Guidance Note') issued by the Institute of Chartered Accountants of India ('ICAI'). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to Company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors' Responsibility

Our responsibility is to express an opinion on the Company's internal financial controls with reference to financial statements based on our audit. We conducted our audit in accordance with the Guidance Note and the Standards on Auditing specified under section 143(10) of the Act to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls, both issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to financial statements were established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system with reference to financial statements and their operating effectiveness. Our audit of internal financial controls with reference to financial statements included obtaining an understanding of internal financial controls with reference to financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk.

The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system with reference to financial statements.

Meaning of Internal Financial Controls with reference to financial statements

A Company's internal financial control with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A Company's internal financial control with reference to financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of standalone financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Company are being made only in accordance with authorizations of management and directors of the Company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the Company's assets that could have a material effect on the standalone financial statements.

Inherent Limitations of Internal Financial Controls with reference to financial statements

Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial control with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Notes to Financial Statements for the year ended March 31, 2019

Background

Man Infraconstruction Limited is a Public Company domiciled in India and incorporated under the provisions of the Companies Act, 1956. Its shares are listed on BSE Limited and National Stock Exchange in India. The Company was incorporated on 16th August, 2002 and is engaged in the business of civil construction.

Authorization of standalone financial statements

The standalone financial statements for the year ended March 31, 2019, were approved and authorised for issue by the Board of Directors on May 22, 2019.

1 Summary of significant accounting policies

This note provides a list of the significant accounting policies adopted in the presentation of these standalone financial statements.

1.01 Basis of preparation**Compliance with Ind AS**

The standalone financial statements comply in all material aspects with Indian Accounting Standards ("Ind AS") notified under Section 133 of the Companies Act, 2013 ("the Act") and relevant rules issued there under. In accordance with proviso to rule 4A of the Companies (Account) Rules, 2014, the terms used in these Financial Statements are in accordance with the definitions and other requirements specified in the applicable Accounting Standards.

Historical cost convention

The financial statements have been prepared on a historical cost basis, except for the following:

- certain financial assets and liabilities (including investments in mutual funds, private equity fund, loans and advances, preference shares) that are measured at fair value;
- assets held for sale – measured at lower of carrying amount or fair value less cost to sell and
- defined benefit plans – plan assets measured at fair value.

1.02 Rounding of amounts

All amounts disclosed in the standalone financial statements and notes have been rounded off to the nearest lakhs, except where otherwise indicated.

Transactions and balances with values below the rounding off norm adopted by the Company have been reflected as "0.00" in the relevant notes in these financial statements.

1.03 Current versus non-current classification

The Company presents assets and liabilities in the balance sheet based on current/ non-current classification.

All assets and liabilities have been classified as current or non-current as per the Company's normal operating cycle

and other criteria set out in the Schedule III to the Act. Based on the nature of operations, and the time between the acquisition of assets for processing and their realisation in cash and cash equivalents, the Company has ascertained its operating cycle as 12 months for the purpose of current - non-current classification of assets and liabilities.

Deferred tax assets and liabilities are classified as non-current on net basis.

1.04 Use of judgements, estimates and assumptions

The estimates and judgments used in the preparation of the financial statements are continuously evaluated by the Company and are based on historical experience and various other assumptions and factors (including expectations of future events) that the Company believes to be reasonable under the existing circumstances. Differences between actual results and estimates are recognised in the period in which the results are known / materialised.

The said estimates are based on the facts and events, that existed as at the reporting date, or that occurred after that date but provide additional evidence about conditions existing as at the reporting date.

Critical estimates and judgements

The areas involving critical estimates or judgements are:

- Estimation of current tax expense and payable – Note 3.10
- Estimation of defined benefit obligation – Note 4.06
- Recognition of deferred tax assets – Note 2.07
- Impairment of trade receivables – Note 4.01 (iv) (a)

1.05 Property, Plant and Equipment

Property, Plant and Equipment is stated at cost, less accumulated depreciation and accumulated impairment losses (other than freehold land). The initial cost of an asset comprises its purchase price or construction cost, any costs directly attributable to bringing the asset into the location and condition necessary for it to be capable of operating in the manner intended by management, the initial estimate of any decommissioning obligation, if any, and, for assets that necessarily take a substantial period of time to get ready for their intended use, finance costs. The purchase price or construction cost is the aggregate amount paid and the fair value of any other consideration given to acquire the asset.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the company and the cost of the item can be measured reliably. All other repairs and maintenance are charged to statement of profit and loss during the reporting period in which they are incurred.

Notes to Financial Statements for the year ended March 31, 2019

An item of Property, Plant and Equipment is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of property, plant and equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognised in statement of profit and loss.

Depreciation on Property, Plant and Equipment

Depreciation on Property, Plant and Equipment is computed on written down value method except with respect to steel shuttering materials, racks and pallets and leasehold premises where depreciation is provided on straight line method (SLM).

Depreciation for assets purchased / sold during a period is proportionately charged.

Useful life and residual value prescribed in Schedule II to the Act are considered for computing depreciation except in the following cases:

Particulars	Useful Life (in years)
Steel shuttering materials (included in shuttering materials)	5
Leasehold premises are amortized on a straight line basis over the respective period of lease.	
Miscellaneous equipment and instruments	5 to 10

For Moulds for Mineral Materials (included in Shuttering Materials), the residual value is considered at 31% to 52% of original cost, which is higher than the limit specified in Schedule II to the Act. For these classes of assets, based on internal assessments and technical evaluation, the Company believes that the useful lives and residual values as given above best represent the period over which the Company expects to use these assets. Hence the useful lives and residual values for these assets are different from the useful lives and residual values as prescribed in Schedule II to the Act.

The estimated useful lives, residual values and depreciation methods are reviewed at the end of each reporting period, with the effect of any changes in estimate accounted for on a prospective basis.

1.06 Investment properties

Property that is held for long-term rental yields or for capital appreciation or both, and that is not occupied by the Company, is classified as investment property. Investment property is measured at its cost, including related transaction costs and where applicable borrowing costs less depreciation and impairment if any.

Depreciation on residential flats is provided over its useful life using the written down value method.

Useful life and residual value prescribed in Schedule II to the Act are considered for computing depreciation.

1.07 Intangible Assets

Intangible assets acquired separately are measured on initial recognition at cost. Following initial recognition, intangible assets are carried at cost less any accumulated amortisation and accumulated impairment losses.

Intangible assets with finite lives are amortised on straight line basis over their useful economic life and assessed for impairment whenever there is an indication that the intangible asset may be impaired. The amortisation expense on intangible assets with finite lives and impairment loss is recognised in the Statement of Profit and Loss.

Amortisation of intangible assets

Intangible assets are amortized on a straight line basis over the estimated useful economic life as follows:

- Computer software - 2 years

The amortization period and the amortization method are reviewed atleast at each financial year end. If the expected useful life of the asset is significantly different from previous estimates, the amortization period is changed accordingly. If there has been a significant change in the expected pattern of economic benefits from the asset, the amortization method is changed to reflect the changed pattern.

Derecognition of intangible assets

An intangible asset is derecognised on disposal, or when no future economic benefits are expected from use or disposal. Gains or losses arising from derecognition of an intangible asset, measured as the difference between the net disposal proceeds and the carrying amount of the asset, are recognised in statement of profit and loss when the asset is derecognised.

1.08 Borrowing costs

Borrowing costs directly attributable to the acquisition, construction or production of qualifying assets, which are assets that necessarily take a substantial period of time to get ready for their intended use or sale, are added to the cost of those assets, until such time as the assets are substantially ready for their intended use or sale.

Interest income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalisation.

All other borrowing costs are recognised in profit or loss in the period in which they are incurred.

1.09 Impairment of non-financial assets

Carrying amount of Property, Plant and Equipment, intangible assets and investments in subsidiaries, and associates (which are carried at cost) are tested for impairment whenever events

Notes to Financial Statements for the year ended March 31, 2019

or changes in circumstances indicate that the carrying amount may not be recoverable. An impairment loss is recognised for the amount by which the asset's carrying amount exceeds its recoverable amount. The recoverable amount is the higher of an asset's fair value less costs of disposal and value in use.

For the purposes of assessing impairment, assets are grouped at the lowest levels for which there are separately identifiable cash inflows which are largely independent of the cash inflows from other assets or group of assets (cash-generating units).

Non-financial assets other than goodwill that suffered impairment are reviewed for possible reversal of the impairment at the end of each reporting period. When an impairment loss subsequently reverses, the carrying amount of the asset (or cash-generating unit) is increased to the revised estimate of its recoverable amount, but so that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognised for the asset (or cash-generating unit) in prior years. A reversal of an impairment loss is recognised immediately in profit and loss.

1.10 Non-current assets held for sale

Non-current assets are classified as held for sale if their carrying amount will be recovered principally through a sale transaction rather than through continuing use and a sale is considered highly probable. They are measured at the lower of their carrying amount and fair value less costs to sell. Non-current assets are not depreciated or amortised while they are classified as held for sale. Non-current assets classified as held for sale are presented separately from the other assets in the balance sheet.

1.11 Investment in subsidiaries and associates

The Company's investments in its subsidiaries and associates are accounted at cost as per Ind AS 27 and reviewed for impairment at each reporting date.

1.12 Financial instruments

Financial assets and financial liabilities are recognised when a Company becomes a party to the contractual provisions of the instruments.

Initial Recognition and Measurement – Financial Assets and Financial Liabilities

Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss and ancillary costs related to borrowings) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at

fair value through profit or loss are recognised immediately in the Statement of Profit and Loss.

Classification and Subsequent Measurement : Financial Assets

The Company classifies financial assets as subsequently measured at amortised cost, fair value through other comprehensive income ("FVTOCI") or fair value through profit or loss ("FVTPL") on the basis of following :

- the entity's business model for managing the financial assets and
- the contractual cash flow characteristics of the financial asset.

Amortised Cost

A financial asset is classified and measured at amortised cost if both of the following conditions are met :

- the financial asset is held within a business model whose objective is to hold financial assets in order to collect contractual cash flows and
- the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

FVTOCI

A financial asset is classified and measured at FVTOCI if both of the following conditions are met :

- the financial asset is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and
- the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

FVTPL

A financial asset is classified and measured at FVTPL unless it is measured at amortised cost or at FVTOCI.

All recognised financial assets are subsequently measured in their entirety at either amortised cost or fair value, depending on the classification of the financial assets.

Impairment of Financial Assets

The Company assesses on a forward looking basis the expected credit losses associated with its assets carried at amortised cost. The impairment methodology applied depends on whether there has been a significant increase in credit risk.

For trade receivables only, the Company applies the simplified approach permitted by Ind AS 109 Financial Instruments, which requires expected lifetime losses to be recognised from initial recognition of the receivables.

Notes to Financial Statements for the year ended March 31, 2019

Classification and Subsequent measurement : Financial Liabilities

The Company's financial liabilities include trade and other payables, loans and borrowings including bank overdrafts, financial guarantee contracts.

Financial Liabilities at FVTPL

Financial liabilities are classified as FVTPL when the financial liability is held for trading or are designated upon initial recognition as FVTPL.

Gains or losses on financial liabilities held for trading are recognised in the Statement of Profit and Loss.

Other Financial Liabilities

Other financial liabilities (including borrowings and trade and other payables) are subsequently measured at amortised cost using the effective interest method.

The effective interest method is a method of calculating the amortised cost of a financial liability and of allocating interest expense over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash payments (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the financial liability, or (where appropriate) a shorter period, to the net carrying amount on initial recognition.

Derecognition of Financial Assets and Financial Liabilities

The Company de-recognises a financial asset when the contractual rights to the cash flows from the financial asset expire, or it transfers the rights to receive the contractual cash flows in a transaction in which substantially all of the risks and rewards of ownership of the financial asset are transferred. If the Company enters into transactions whereby it transfers assets recognised on its balance sheet, but retains either all or substantially all of the risks and rewards of the transferred assets, the transferred assets are not derecognised.

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires.

1.13 Inventories

Inventory of construction materials is valued at lower of cost (net of indirect taxes, wherever recoverable) and net realizable value. Cost is determined on FIFO basis. However, inventory is not written down below cost if the estimated revenue of the concerned contract is in excess of estimated cost.

Work-in-progress / other stock is valued at lower of cost (net of indirect taxes, wherever recoverable) and net realizable value.

1.14 Revenue recognition

The Company derives revenues primarily from construction contracts relating to works and services.

Effective 01 April 2018, the Company has adopted Indian Accounting Standard 115 (Ind AS 115) 'Revenue from contracts with customers' using the cumulative catch-up transition method, applied to contracts that were not completed as on the transition date i.e. 01 April 2018. Accordingly, the comparative amounts of revenue and the corresponding contract assets / liabilities were not required to be adjusted retrospectively. The effect on adoption of Ind-AS 115 was insignificant.

Revenue is recognized on satisfaction of performance obligations upon transfer of control of promised works or services to customers in an amount that reflects the consideration the Company expects to receive in exchange for those works or services. Performance obligation may be satisfied over time or at a point in time. Performance obligations satisfied over time if any one of the following criteria is met. In such cases, revenue is recognized over time.

1. The customer simultaneously receives and consumes the benefits provided by the Company's performance; or
2. The Company's performance creates or enhances an asset that the customer controls as the asset is created or enhanced; or
3. The Company's performance does not create an asset with an alternative use to the Company and the Company has an enforceable right to payment for performance completed to date.

For performance obligations where one of the above conditions are not met, revenue is recognised at the point in time at which the performance obligation is satisfied.

Where Revenue is recognized over time, the amount of Revenue is determined on the basis of project expenses incurred in relation to estimated project expenses.

Dividend income

Dividend income from investments is recognised when the shareholder's right to receive payment has been established (provided that it is probable that the economic benefits will flow to the Company and the amount of income can be measured reliably).

Interest income

Interest income from a financial asset is recognised when it is probable that the economic benefits will flow to the Company and the amount of income can be measured reliably. Interest income is accrued on a time basis, by reference to the principal outstanding and at the effective interest rate applicable.

Notes to Financial Statements for the year ended March 31, 2019

1.15 Employee benefits**a) Short-term obligations**

Short term employee benefits are recognised as an expense at an undiscounted amount in the Statement of profit and loss of the year in which the related services are rendered. Accumulated leave, which is expected to be utilized within the next 12 months, is treated as short-term employee benefit. The Company measures the expected cost of such absences as the additional amount that it expects to pay as a result of the unused entitlement that has accumulated at the reporting date.

b) Post-employment obligations

The Company operates the following post-employment schemes:

- defined benefit plans such as gratuity; and
- defined contribution plans such as provident fund.

Gratuity obligations

The liability or asset recognised in the balance sheet in respect of defined benefit gratuity plans is the present value of the defined benefit obligation at the end of the reporting period. The defined benefit obligation is calculated annually by actuaries using the projected unit credit method.

The present value of the defined benefit obligation denominated in INR is determined by discounting the estimated future cash outflows by reference to market yields at the end of the reporting period on government bonds that have terms approximating to the terms of the related obligation.

The net interest cost is calculated by applying the discount rate to the net balance of the defined benefit obligation. This cost is included in employee benefit expense in the statement of profit and loss.

Remeasurement gains and losses arising from experience adjustments and changes in actuarial assumptions are recognised in the period in which they occur, directly in other comprehensive income. They are included in retained earnings in the statement of changes in equity and in the balance sheet.

Defined contribution plans

Contributions to provident fund, a defined contribution plan, are made in accordance with the rules of the statute and are recognized as expenses when employees render service entitling them to the contributions. The Company has no obligation, other than the contribution payable to the provident fund.

The obligations are presented as current liabilities in the balance sheet if the entity does not have an unconditional right to defer settlement for at least twelve months after the reporting period, regardless of when the actual settlement is expected to occur.

1.16 Taxes on income

Income tax expense represents the sum of the tax currently payable and deferred tax.

Current tax

The tax currently payable is based on taxable profit for the year. Taxable profit differs from 'Profit before tax' as reported in profit and loss because of items of income or expense that are taxable or deductible in other years and items that are never taxable or deductible. The Company's current tax is calculated using tax rates that have been enacted or substantively enacted by the end of the reporting period.

Deferred tax

Deferred tax is recognized on temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax basis used in the computation of taxable profits. Deferred tax liabilities are generally recognized for all taxable temporary differences. Deferred tax assets are generally recognized for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilized.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the company expects, at the end of the reporting period, to recover the carrying amount of its assets and liabilities.

Current and deferred tax for the year

Current and deferred tax are recognised in profit or loss, except when they relate to items that are recognised in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognised in other comprehensive income or directly in equity respectively.

1.17 Earnings Per Share (EPS)**Basic earnings per share**

Basic earnings per share is calculated by dividing :

- the profit attributable to owners of the Company
- by the weighted average number of equity shares outstanding during the financial year, adjusted for bonus elements in equity shares

Notes to Financial Statements for the year ended March 31, 2019

Diluted earnings per share

Diluted earnings per share adjusts the figures used in the determination of basic earnings per share to take into account:

- the after income tax effect of interest and other financing costs associated with dilutive potential equity shares, and
- the weighted average number of additional equity shares that would have been outstanding assuming the conversion of all dilutive potential equity shares.

1.18 Provisions, Contingent liabilities and Contingent Assets

Provisions are recognized when the Company has a present obligation (legal or constructive) as a result of a past event; it is probable that the Company will be required to settle the present obligation and a reliable estimate can be made of the amount of the obligation.

The amount recognized as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, taking into account the risk and uncertainties surrounding the obligation. When a provision is measured using the cash flows estimated to settle the present obligation, its carrying amount is the present value of those cash flows (when the effect of the time value of money is material).

Contingent liabilities are stated separately by way of a note. Contingent Liabilities are disclosed when the Company has a possible obligation or a present obligation and it is not probable that a cash outflow will be required to settle the obligation. Contingent Assets are neither recognised nor disclosed.

1.19 Cash and cash equivalents

For the purpose of presentation in the statement of cash flows, cash and cash equivalents includes cash on hand, deposits held at call with financial institutions, other short-term, highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value, and bank overdrafts. Bank overdrafts are shown within borrowings in current liabilities in the balance sheet.

1.20 Leases

The determination of whether an arrangement is, or contains, a lease is based on the substance of the arrangement at the inception date, whether fulfilment of the arrangement is dependent on the use of a specific asset or assets or the arrangement conveys a right to use the asset, even if that right is not explicitly specified in an arrangement.

As a lessee

Leases in which a significant portion of the risks and rewards of ownership are not transferred to the company as lessee are classified as operating leases. Payments made under operating leases (net of any incentives received from the lessor) are charged to statement of profit and loss on a straight-line basis over the period of the lease unless the payments are structured to increase in line with expected general inflation to compensate for the lessor's expected inflationary cost increases.

As a lessor

Lease income from operating leases where the company is a lessor is recognised as income on a straight-line basis over the lease term unless the receipts are structured to increase in line with expected general inflation to compensate for the expected inflationary cost increases. The respective leased assets are included in the balance sheet based on their nature.

1.21 Financial guarantee contracts

The Company on a case to case basis elects to account for financial guarantee contracts as a financial instrument or as an insurance contract, as specified in Ind AS 109 on Financial Instruments and Ind AS 104 on Insurance Contracts. The Company has regarded all its financial guarantee contracts as insurance contracts. At the end of each reporting period the Company performs a liability adequacy test, (i.e. it assesses the likelihood of a pay-out based on current undiscounted estimates of future cash flows), and the deficiency is recognized in profit or loss.

4.01 Financial Instruments : Fair value measurements, Financial risk management and Capital management

(i) Methods and assumptions used to estimate the fair values

The fair values of the financial assets and liabilities are included at the amount at which the instruments can be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale.

The following methods and assumptions were used to estimate the fair values:

- The carrying amounts of receivables and payables which are short term in nature such as trade receivables, other receivables, other bank balances, deposits, loans, accrued interest, trade payables, receivables / payables for property, plant and equipment, demand loans from banks and cash and cash equivalents are considered to be the same as their fair values.
- The fair values of non-current assets and liabilities are measured at amortised cost and are classified as level 3 fair values in the fair value hierarchy due to the use of unobservable inputs.
- For financial assets and liabilities that are measured at fair value, the carrying amounts are equal to the fair values.

(ii) Categories of financial instruments

The Company uses the following hierarchy for determining and disclosing the fair value of financial instruments by valuation technique:

Level 1: unadjusted quoted prices in active markets for identical assets or liabilities.

Level 2: directly or indirectly observable market inputs, other than Level 1 inputs; and

Level 3: inputs which are not based on observable market data

(iv) Financial Risk Management

Risks are events, situations or circumstances which may lead to negative consequences on the Company's businesses. Risk management is a structured approach to manage uncertainty. The Board has adopted a Risk Management Policy. All business divisions and corporate functions have embraced Risk Management Policy and make use of it in their decision making. Risk management is an integral part of the business practices of the Company.

The Company's activities expose it to credit risk, liquidity risk and market risk. These key business risks and their mitigation are considered in day-to-day working of the Company.

a. Credit risk

Credit risk arises from the possibility that the counterparty will cause financial loss to the company by failing to discharge its obligation as agreed. To manage this, the Company periodically assesses the financial reliability of customers, taking into account the financial condition, current economic trends, and analysis of historical bad debts and ageing of accounts receivable. Individual risk limits are set accordingly.

Credit risk arises primarily from financial assets such as trade receivables, investments in mutual funds and other balances with banks. Credit risk arising from investments in mutual funds and other balances with banks is limited as the counterparties are banks and financial institutions with high credit ratings.

Financial assets for which loss allowance is measured using Life time Expected Credit Losses (ECL)	As at March 31, 2019	As at March 31, 2018
Trade receivables	7,128.08	6,755.39

The Company has specific policies for managing customer credit risk; these policies factor in the customers' financial position, past experience and other customer specific factors. The Company uses the allowance matrix to measure the expected credit loss of trade receivables from customers.

Trade receivables consists of large number of customers spread across diverse industries and geographical areas with no significant concentration of credit risk. The outstanding trade receivables are regularly monitored and appropriate action is taken for collection of overdue receivables.

Notes to Financial Statements for the year ended March 31, 2019

All amounts are in INR (Lakhs) unless otherwise stated

Provisions made / (Reversed)	(26.91)	(44.05)
Balance at the end of the year	405.99	432.90

b. Liquidity risk

Liquidity risk is the risk that the Company will encounter difficulty in meeting obligations associated with financial liabilities that are settled by delivering cash or another financial asset. The objective of liquidity risk management is to maintain sufficient liquidity and ensure that funds are available for use as per requirements. The Company's principal sources of liquidity are cash and cash equivalents, borrowings and the cash flow that is generated from operations. The Company has consistently generated sufficient cash flows from its operations and believes that these cash flows along with its current cash and cash equivalents and funding arrangements are sufficient to meet its financial obligations as and when they fall due. Accordingly, liquidity risk is perceived to be low.

Maturities of financial liabilities

The table below provides details regarding the remaining contractual maturities of financial liabilities as at the reporting date:

	As at March 31, 2019	less than 1 year	1 to 5 years	Total

Trade payables		2,212.16	-	2,212.16
Other Financial Liabilities		655.46	146.76	802.22

c. Market risk

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. The Company has insignificant exposure to market risks as it has negligible debt as at the end of the reporting period and does not have any exposure to foreign currency transactions.

(v) Capital management

Risk management

The Company's objectives when managing capital are to safeguard its ability to continue as a going concern, so that it can continue to provide returns for shareholders and benefits for other stakeholders, and maintain an optimal capital structure to maximise shareholder value.

For the purpose of the Company's capital management, capital includes capital and all other equity reserves. In order to maintain or achieve a capital structure that maximises the shareholder value, the Company allocates its capital for distribution as dividend or re-investment into business based on its long term financial plans. As at March 31, 2019, the Company has only one class of equity shares and has no debts of long term nature. Hence, there are no externally imposed capital requirements.

Sensitivity analysis

Sensitivity analysis indicates the influence of a reasonable change in certain significant assumptions on the outcome of the Present Value of obligation (PVO) and aids in understanding the uncertainty of reported amounts. Sensitivity analysis is done by varying one parameter at a time and studying its impact.

A) Impact of change in Discount rate when base assumption is decreased / increased by 100 basis point

Discount Rate	31/03/2019 Present Value of Obligation	Discount Rate	31/03/2018 Present Value of Obligation
6.70%	205.86	6.90%	324.83
8.70%	175.76	8.90%	265.69

B) Impact of change in Salary Increase rate when base assumption is decreased / increased by 100 basis point

Salary Increment Rate	31/03/2019 Present Value of Obligation	Salary Increment Rate	31/03/2018 Present Value of Obligation
4.00%	178.26	9.00%	271.89
6.00%	202.23	11.00%	317.40

C) Impact of change in Withdrawal rate when base assumption is decreased / increased by 100 basis point

Withdrawal Rate	31/03/2019 Present Value of Obligation	Withdrawal Rate	31/03/2018 Present Value of Obligation
4.00%	186.18	4.00%	295.77
6.00%	193.08	6.00%	290.37

Risk exposure and asset liability matching :

Provision of a defined benefit scheme poses certain risks, some of which are detailed hereunder, as companies take on uncertain long term obligations to make future benefit payments.

Liability Risks -

Asset - Liability Mismatch Risk

Risk which arises if there is a mismatch in the duration of the assets relative to the liabilities. By matching duration with the defined benefit liabilities, the company is successfully able to neutralize valuation swings caused by interest rate movements.

Discount Rate Risk

Variations in the discount rate used to compute the present value of the liabilities may seem small, but in practice can have a significant impact on the defined benefit liabilities.

Future Salary Escalation and Inflation Risk

Since price inflation and salary growth are linked economically, they are combined for disclosure purposes. Rising salaries will often result in higher future defined benefit payments resulting in a higher present value of liabilities especially unexpected salary increases provided at management's discretion may lead to estimation uncertainties increasing this risk.

Unfunded Plan Risk

This represents unmanaged risk and a growing liability. There is an inherent risk here that the company may default on paying the benefits in adverse circumstances.

4.12 Recent pronouncementsInd AS 116 - Leases

On March 30, 2019, Ministry of Corporate Affairs (MCA) has notified the Ind AS 116 Leases which replaces the existing Ind AS 17 Leases. The new standard will come into force from April 1, 2019.

The core principle of the new standard lies in identifying whether the contract is or contains a lease. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. The new standard modifies the accounting of leases in the books of lessee. At the commencement date, a lessee shall recognise a right-of-use asset and a lease liability, for all leases with a term of more than 12 months, unless the underlying asset is of a low value. The accounting for leases in the books of the lessor is substantially similar to the requirements of Ind AS 17.

The standard allows for two methods of transition: the full retrospective approach, requires entities to retrospectively apply the new standard to each prior reporting period presented and the entities need to adjust equity at the beginning of the earliest comparative period presented, or the modified retrospective approach, under which the date of initial application of the new leases standard, lessees recognize the cumulative effect of initial application as an adjustment to the opening balance of equity as of annual periods beginning on or after April 1, 2019.

The Company will adopt this standard using modified retrospective method effective April 1, 2019, and accordingly, the comparative for year ended March 31, 2019, will not be retrospectively adjusted. The effect on adoption of Ind AS 116 is being ascertained.

4.13 Figures for previous periods are re-classified / re-arranged / re-grouped, wherever necessary.

Independent Auditor's Report

TO THE MEMBERS OF MAN INFRACONSTRUCTION LIMITED

Report on the audit of the Consolidated Financial Statements

Opinion

We have audited the accompanying consolidated financial statements of **Man Infraconstruction Limited** (hereinafter referred to as "the Holding Company") and its subsidiaries, (the Holding Company and its subsidiaries together referred to as "the Group"), its associates and its joint venture comprising of the Consolidated Balance Sheet as at March 31, 2019, the Consolidated Statement of Profit and Loss (including Other Comprehensive Income), the Consolidated Statement of Changes in Equity and the Consolidated Cash Flow Statement for the year ended, and a summary of significant accounting policies and other explanatory information (hereinafter referred to as "the consolidated financial statements").

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid consolidated financial statements give the information required by the Companies Act, 2013 ("the Act") in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act ("Ind AS"), and other accounting principles generally accepted in India, of the consolidated state of affairs of the Company as at March 31, 2019, of consolidated profit (including Other Comprehensive Income), consolidated changes in equity and its consolidated cash flows for the year then ended.

Basis of Opinion

We conducted our audit of consolidated financial statements in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Act. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Group in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI), together with the independence requirements that are relevant to our audit of the consolidated financial statements under the provisions of the Act and the rules made there under and we have fulfilled our other ethical responsibilities in accordance with these requirements and Code of Ethics issued by ICAI. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the consolidated financial statements.

Emphasis of Matter

We draw attention to Note No. 4.13 to the consolidated financial statements regarding issue of termination letter by Manaj Tollway Private Limited, (MTPL) a subsidiary of the Company to Public Works Department, Government of Maharashtra (PWD) on March 30, 2015 for terminating the Concession Agreement with respect to the construction of road on DBFOT basis due to unresolved matters on land acquisition and forest clearance and has stopped the work. As at March 31, 2019 expenses incurred on construction of tollway and classified as "Intangible assets under Development" by MTPL amounted to ₹ 12,993.14 Lakhs. MTPL has claimed costs incurred and compensation in line with the terms of the Concession Agreement. On August 17, 2018, the Hon'ble Arbitrator has given the award in favour of MTPL against which PWD has filed a petition under the Arbitration Act, which is pending admission.

Key Audit Matters

Key audit matters are those matters that, in our professional judgment and based on the consideration of the reports of the other auditors on separate financial statements of the subsidiaries, associates and joint

venture, were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report.

Matter	Key Audit Matters	Auditor's Response
Revenue Recognition	<p>Revenue recognition over time in Construction contracts</p> <p>From financial year 2018-19, the Group has applied Ind AS 115 "Revenue from Contracts with Customers". The main portion of the Holding Company's income relates to construction contracts. In all material respects revenue is related to construction projects and is recognised over time, i.e., applying percentage of completion. Thus revenue and costs in construction projects is recognized based on assumptions and estimates on future outcome as documented in the projected forecasts. These forecasts include estimates of costs for, e.g., labour, material, subcontractors and defect liability. From time to time, the latter may require updated estimates also for completed projects. As applicable, forecasts also include assessments of claims on customers relating to, e.g., change or additional orders and deficiencies in tender conditions. The element of assumptions and estimates means that final results may deviate from those now reported. The size of the amounts involved combined with the elements of assumptions and estimate makes this a key audit matter.</p>	<p>Procedures performed by the Principal Auditor</p> <p>We have performed analytical reviews of revenue and margins reported and evaluated management's routines for follows up of the projects financial results and also discussed the latter with management.</p> <p>On the sample basis, we have examined revenue and the recognised project costs on which the determination of completion ratio is based. We have also tested the mathematical accuracy of the percentage of completion profit calculation.</p> <p>We have discussed with the Holding Company the principles, methods and assumptions on which estimates are based, including those forming the basis for defect liability provisions for projects already completed.</p>

<p>Revenue recognition over time in Real Estate Projects</p> <p>Under Ind AS 115, revenue is recognized either at a point in time or over time.</p> <p>Revenue relating to completed premises/properties is recognized at the point of time on transfer of property.</p> <p>Revenue relating to the under construction real-estate projects are recognized over the time. Input method is used to recognize revenue for the period. This requires the use of estimates made by the Management. Revenue recognition therefore involves significant judgements by Management, which have a material impact on the financial statements thereby considered as a Key Audit Matter.</p>	<p>The Principal Auditors have used the work of Component Auditors. The Component Auditors have reported that they have performed these procedures.</p> <p>Besides obtaining an understanding of Management's processes and controls with regard to revenue recognition of real estate development, the Component Auditor's procedures included the following –</p> <ul style="list-style-type: none"> • Obtained and understanding of Enterprise's process and evaluated design and tested operative effectiveness of controls around the assessments and judgments made under Ind AS-115 to determine the criteria for recognition of revenue and the measurement thereof. • Assessed the appropriateness of budgeted cost used by the management to estimate the work completed in respect of contracts entered into with the customers. • Assessed the professional competence, objectivity and capability of the personnel engaged in estimating the budgeted cost of the Project. • Assessed and verified the contracts to ensure the reasonableness of the sales consideration and the resulting revenue to be recognized therefrom. • Assessed and verified to ensure the reasonableness of the costs incurred.

Information Other than the Consolidated Financial Statements and Auditor's Report Thereon

The Holding Company's Board of Directors is responsible for the other information. The other information comprises the information included in Annual Report but does not include the consolidated financial statements and our auditor's report thereon.

Our opinion on the consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the consolidated financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the consolidated financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact. We have nothing to report in this regard.

Responsibilities of Management and Those Charged with Governance for the Consolidated Financial Statements

The Holding Company's Board of Directors are responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these consolidated financial statements that give a true and fair view of the consolidated financial position, consolidated financial performance (including other comprehensive income), consolidated changes in equity and consolidated cash flows of the Group including, its associates and joint venture in accordance with Ind AS and other accounting principles generally accepted in India. The respective Governing Bodies of the companies included in the Group and of its associates and joint venture are responsible for maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets and for preventing and detecting frauds and other irregularities; the selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and the design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the consolidated financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error, which have been used for the purpose of preparation of the consolidated financial statements by the Directors of the Holding Company, as aforesaid.

In preparing the consolidated financial statements, the respective Board of Directors of the companies included in the Group and of its associates and joint venture are responsible for assessing the ability of the Group and of its associates and joint venture to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless respective Board of Directors either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The respective Board of Directors of the companies included in the Group and of its associates and joint venture are responsible for overseeing the financials reporting process of the Group and its associates and joint venture.

Auditor's Responsibility for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the ability of the Group and its associates and joint venture to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group and its associates and joint venture to cease to continue as a going concern.
- Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtain sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group and its associates and joint venture to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision and performance of the audit of the financial statements of such entities included in the consolidated financial statements of which we are the independent auditors. For the other entities included in the consolidated financial statements, which

have been audited by other auditors, such other auditors remain responsible for the direction, supervision and performance of the audits carried out by them. We remain solely responsible for our audit opinion. Our responsibility in this regard are further described in "Other Matters" paragraph below.

We believe that the audit evidence obtained by us along with the consideration of the audit report of the other auditors referred to in "Other Matters" paragraph below, is sufficient and appropriate to provide a basis for our audit opinion on the consolidated financial statements.

Materiality is the magnitude of misstatements in the consolidated financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the consolidated financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the consolidated financial statements.

We communicate with those charged with governance of the Holding Company and such other entities included in the consolidated financial statements of which we are the independent auditors regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Other Matters

We did not audit the financial statements of 9 subsidiaries, whose financial statements reflect total assets of ₹ 1,25,039.33 Lakhs and net assets of ₹ 9,066.45 Lakhs as at March 31, 2019, as well as total revenues of ₹ 26,512.04 Lakhs and net cash inflows amounting to ₹ 2,633.03 Lakhs for the year ended on that date, as considered in the consolidated financial statements. The consolidated financial statements also include the Group's share of net profit of ₹ 1,187.61 Lakhs for the year ended on March 31, 2019 as considered in the consolidated financial statements, in respect of 2 associates and joint venture, whose financial statements have not been audited by us. These financial statements have been audited by other auditors whose reports have been furnished to us by the Management and our opinion on the consolidated financial statements, insofar as it relates to the amounts and disclosures included in respect of these subsidiaries, joint venture and associates, and our report in terms of sub-sections 3 of section 143 of the Act, insofar as it relates to the aforesaid subsidiaries, joint venture and associates, is based solely on the reports of the other auditors.

Our opinion on the consolidated financial statements and our report on Other Legal and Regulatory Requirements below, is not modified in

respect of the above matters with respect to our reliance on the work done and the reports of the other auditors.

Report on Other Legal and Regulatory Requirements:

As required by section 143(3) of the Act, we report, to the extent applicable, that:

- (a) We have sought and obtained all the information and explanations which to the best of our knowledge and belief were necessary for the purpose of our audit of the aforesaid consolidated financial statements;
- (b) In our opinion, proper books of account as required by law relating to preparation of the aforesaid consolidated financial statements have been kept so far as appears from our examination of those books and reports of the other auditors;
- (c) The Consolidated Balance Sheet, the Consolidated Statement of Profit(including Other Comprehensive Income), Consolidated Statement of Changes in Equity and Consolidated Cash Flow Statement dealt with by this Report are in agreement with the relevant books of accounts maintained for the purpose of preparation of the Consolidated financial statements;
- (d) In our opinion, the aforesaid Consolidated Financial Statements comply with the Ind AS specified under section 133 of the Act read with relevant rules issued thereunder and relevant provisions of the Act;
- (e) On the basis of written representations received from the Directors of the Holding Company as on March 31, 2019 and taken on record by the Board of Directors of the Holding Company and the reports of the statutory auditors of its subsidiaries, associates and joint venture incorporated in India, none of the Directors of the Group, its associates and joint venture incorporated in India is disqualified as on March 31, 2019 from being appointed as a Director in terms of section 164 (2) of the Act;
- (f) With respect to the adequacy of the internal financial controls with reference to financial statements of the Holding Company, its subsidiaries, associates and joint venture incorporated in India and the operating effectiveness of such controls, we give our separate Report in "Annexure A";
- (g) With respect to the other matters to be included in the Auditor's Report in accordance with the requirements of section 197(16) of the Act, as amended:
In our opinion and to the best of our information and according to the explanations given to us, the remuneration paid by the Holding Company to its directors during the year is in accordance with the provisions of section 197 of the Act; and
- (h) With respect to the other matters to be included in the Auditor's Report in accordance with Rule 11 of the Companies (Audit and Auditors) Rules, 2014, in our opinion and to the best of our information and according to the explanations given to us and based on the consideration of the reports of the other auditors of subsidiaries, associates and joint venture, as noted in the Other matters paragraph:
 - (i) The consolidated financial statements disclose the impact of the pending litigations on the consolidated financial position of the Group, its associates and joint venture. Refer note no 4.02 to the consolidated financial statements.

- (ii) The Group, its associates and joint venture did not have any material foreseeable losses on long-term contracts including derivative contracts; and
- (iii) There has been no delay in transferring amounts, required to be transferred, to the Investor Education and Protection Fund by the Group and its associate.

Annexure A to the Independent Auditor's Report

Membership No. 060639

Referred to in paragraph 2(f) under "Report on Other Legal and Regulatory Requirements" of our Independent Auditor's report of even date to the members of Man Infraconstruction Limited ("the Holding Company") on the consolidated financial statements for the year ended March 31, 2019:

Opinion

In conjunction with our audit of the consolidated financial statements of the Holding Company as of and for the year ended March 31, 2019, we have audited the internal financial controls with reference to financial statements of **Man Infraconstruction Limited (hereinafter referred to as 'the Holding Company')**, its subsidiaries and its associate, which are companies incorporated in India, as of that date.

In our opinion, the Holding Company, its subsidiaries and its associate, which are companies incorporated in India, have, in all material respects, an adequate internal financial controls system with reference to financial statements and such internal financial controls with reference to financial statements were operating effectively as at March 31, 2019 based on the internal controls with reference to financial statements criteria established by the Holding Company, considering the essential components of internal controls stated in the Guidance Note issued by the ICAI.

Management's Responsibility for Internal Financial Controls

The respective Board of Directors of the Holding company, its subsidiaries and its associate, which are companies incorporated in India, are responsible for establishing and maintaining internal financial controls based on the internal control with reference to financial statements criteria established by the Holding Company, considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") issued by the ICAI. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

Auditors' Responsibility

Our responsibility is to express an opinion on internal financial controls with reference to financial statements of the Holding Company, its subsidiaries and associate, which are companies incorporated in India, based on our audit. We conducted our audit in accordance with the

Guidance Note and the Standards on Auditing, specified under section 143(10) of the Act, to the extent applicable to an audit of internal financial controls, both issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls with reference to financial statements were established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system with reference to financial statements and their operating effectiveness. Our audit of internal financial controls with reference to financial statements included obtaining an understanding of internal financial controls with reference to financial statements, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained and the audit evidence obtained by the other auditors in terms of their report referred to in the "Other Matters" paragraph below is sufficient and appropriate to provide a basis for our audit opinion on the Holding Company's internal financial control system with reference to financial statements.

Meaning of Internal Financial Controls with reference to financial statements

A company's internal financial control with reference to financial statements is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control with reference to financial statements includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that

transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls with reference to financial statements

Because of the inherent limitations of internal financial controls with reference to financial statements, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls with reference to financial statements to future periods are subject to the risk that the internal financial control with reference to financial statements may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Other Matters

Our aforesaid report under section 143(3)(i) of the Act on the adequacy and operating effectiveness of the internal financial controls with reference to financial statements, insofar as it relates to 5 subsidiaries and associate of the Holding Company, which are companies incorporated in India, is based on the corresponding reports of the auditors of such companies.

Notes to Consolidated Financial Statements for the year ended March 31, 2019

Background

Man Infraconstruction Limited (the Company) is a public Company domiciled in India and incorporated under the provisions of the Companies Act, 1956. Its shares are listed on BSE Limited and National Stock Exchange in India. The Company was incorporated on August 16, 2002. The consolidated financial statement relates to the Company, its various subsidiaries (The holding and subsidiaries together referred to as "The Group"), joint venture and its associates. The Group is in the business of civil construction, project activities and real estate development including construction of road on Design -Build-Finance-Operate-Transfer (DBFOT) basis.

Authorization of consolidated financial statements

The consolidated financial statements for the year ended March 31, 2019, were approved and authorised for issue by the Board of Directors on May 22, 2019.

1 Summary of significant accounting policies

This note provides a list of the significant accounting policies adopted in the presentation of these consolidated financial statements. The consolidated financial statements are for the Group consisting of Man Infraconstruction Limited (The "Company") and its subsidiaries.

1.01 Basis of preparation

Compliance with Ind AS

The Consolidated financial statements comply in all material aspects with Indian Accounting Standards ("Ind AS") notified under Section 133 of the Companies Act, 2013 ("the Act") and relevant rules issued there under. In accordance with proviso to rule 4A of the Companies (Account) Rules, 2014, the terms used in these Financial Statements are in accordance with the definitions and other requirements specified in the applicable Accounting Standards.

Historical cost convention

The Consolidated financial statements have been prepared on a historical cost basis, except for the following:

- certain financial assets and liabilities (including investments in mutual funds, private equity fund, loans and advances, Preference Shares) that are measured at fair value;
- assets held for sale – measured at lower of carrying amount or fair value less cost to sell; and
- defined benefit plans – plan assets measured at fair value;

1.02 Rounding of amounts

All amounts disclosed in the consolidated financial statements and notes have been rounded off to the nearest Lakhs, except where otherwise indicated.

Transactions and balances with values below the rounding off norm adopted by the Group have been reflected as "0.00" in the relevant notes in these Consolidated financial statements.

1.03 Current versus non-current classification

The Group presents assets and liabilities in the balance sheet based on current/ non-current classification.

All assets and liabilities have been classified as current or non-

current as per the Group's normal operating cycle and other criteria set out in the Schedule III to the Act. Based on the nature of operations, and the time between the acquisition of assets for processing and their realisation in cash and cash equivalents, the Group has ascertained its operating cycle as 12 months for the purpose of current - non-current classification of assets and liabilities.

Deferred tax assets and liabilities are classified as non-current on net basis.

1.04 Use of judgements, estimates and assumptions

The estimates and judgments used in the preparation of the Consolidated financial statements are continuously evaluated by the Group and are based on historical experience and various other assumptions and factors (including expectations of future events) that the Group believes to be reasonable under the existing circumstances. Differences between actual results and estimates are recognised in the period in which the results are known / materialised.

The said estimates are based on the facts and events, that existed as at the reporting date, or that occurred after that date but provide additional evidence about conditions existing as at the reporting date.

Critical estimates and judgements

The areas involving critical estimates or judgements are:

- Estimation of current tax expense and payable – Note 3.11
- Estimation of defined benefit obligation – Note 4.08
- Recognition of deferred tax assets – Note 2.08
- Impairment of trade receivables – Note 4.06 (iv) (a)

1.05 Principles of consolidation and equity accounting

(i) Subsidiaries

Subsidiaries are all entities (including structured entities) over which the Group has control. The Group controls an entity when the Group is exposed to, or has rights to, variable returns from its involvement with the entity and has the ability to affect those returns through its power to direct the relevant activities of the entity. Subsidiaries are fully consolidated from the date on which control is transferred to the Group. They are deconsolidated from the date that control ceases.

The Group combines the financial statements of the parent and its subsidiaries line by line adding together like items of assets, liabilities, equity, income and expenses. Intercompany transactions, balances and unrealised gains on transactions between group companies are eliminated. Unrealised losses are also eliminated unless the transaction provides evidence of an impairment of the transferred asset.

The Consolidated Financial Statements have been prepared using uniform accounting policies for like transactions and other events in similar circumstances and are presented to the extent possible in the same manner as the holding Company's financial statements.

Non-controlling interests in the results and equity of subsidiaries are shown separately in the consolidated statement of profit and

Notes to Consolidated Financial Statements for the year ended March 31, 2019

loss, consolidated statement of changes in equity and balance sheet respectively.

(ii) Associates

Associates are all entities over which the Group has significant influence but not control or joint control. Investments in associates are accounted for using the equity method of accounting (see (iv) below), after initially being recognised at cost.

(iii) Joint arrangements

Under Ind AS 111 Joint Arrangements, investments in joint arrangements are classified as either joint operations or joint ventures. The classification depends on the contractual rights and obligations of each investor, rather than the legal structure of the joint arrangement. The Group has only joint venture.

Joint Venture

Interest in joint venture is accounted for using the equity method (see (iv) below), after initially being recognised at cost.

(iv) Equity method

Under the equity method of accounting, the investments are initially recognised at cost and adjusted thereafter to recognise the group's share of the post-acquisition profits or losses of the investee in statement of profit and loss, and the group's share of other comprehensive income of the investee in other comprehensive income. Dividends received or receivable from associates and joint ventures are recognised as a reduction in the carrying amount of the investment.

When the group's share of losses in an equity-accounted investment equals or exceeds its interest in the entity, including any other unsecured long-term receivables, the Group does not recognise further losses, unless it has incurred obligations or made payments on behalf of the other entity.

Unrealised gains on transactions between the Group and its associates and joint venture are eliminated to the extent of the group's interest in these entities. Unrealised losses are also eliminated unless the transaction provides evidence of an impairment of the asset transferred. Accounting policies of equity accounted investees have been changed where necessary to ensure consistency with the policies adopted by the Group.

The carrying amounts of equity accounted investments are tested for impairment in accordance with the policy described in note 1.10 below.

(v) Changes in ownership interests

The Group treats transactions with non-controlling interests that do not result in a loss of control as transactions with equity owners of the Group. A change in ownership interest results in an adjustment between the carrying amounts of the controlling and non-controlling interests to reflect their relative interests in the subsidiary. Any difference between the amount of the adjustment to non-controlling interests and any consideration paid or received is recognised within equity.

When the Group ceases to consolidate or equity account for an investment because of a loss of control, joint control or significant influence, any retained interest in the entity is remeasured to its fair value with the change in carrying amount recognised in

statement of profit and loss. This fair value becomes the initial carrying amount for the purposes of subsequently accounting for the retained interest as an associate, joint venture.

1.06 Property, Plant and Equipment

Property, Plant and Equipment is stated at cost, less accumulated depreciation and accumulated impairment losses (other than freehold land). The initial cost of an asset comprises its purchase price or construction cost, any costs directly attributable to bringing the asset into the location and condition necessary for it to be capable of operating in the manner intended by management, the initial estimate of any decommissioning obligation, if any, and, for assets that necessarily take a substantial period of time to get ready for their intended use, finance costs. The purchase price or construction cost is the aggregate amount paid and the fair value of any other consideration given to acquire the asset.

Subsequent costs are included in the asset's carrying amount or recognised as a separate asset, as appropriate, only when it is probable that future economic benefits associated with the item will flow to the Group and the cost of the item can be measured reliably. All other repairs and maintenance are charged to statement of profit and loss during the reporting period in which they are incurred.

An item of Property, Plant and Equipment is derecognised upon disposal or when no future economic benefits are expected to arise from the continued use of the asset. Any gain or loss arising on the disposal or retirement of an item of Property, Plant and Equipment is determined as the difference between the sales proceeds and the carrying amount of the asset and is recognised in statement of profit and loss.

Depreciation on Property, Plant and Equipment

Depreciation on Property, Plant and Equipment is computed on written down value method except with respect to steel shuttering materials, racks and pallets and leasehold premises where depreciation is provided on straight line method (SLM).

Depreciation for assets purchased / sold during a period is proportionately charged.

Useful life and residual value prescribed in Schedule II to the Act are considered for computing depreciation except in the following cases:

Particulars	Useful Life (in years)
Steel shuttering materials (included in shuttering materials)	5
Leasehold premises are amortized on a straight line basis over the respective period of lease.	
Miscellaneous equipment and instruments	5 to 10

For Moulds for Mineral Materials (included in Shuttering Materials), the residual value is considered at 31% to 52% of original cost, which is higher than the limit specified in Schedule II to the Act. For these classes of assets, based on internal assessments and technical evaluation, the Group believes that the useful lives and residual values as given above best represent the period over which the Group expects to use these assets. Hence the useful lives and residual values for these assets are different from the useful lives and residual values as prescribed in Schedule II to the Act.

Notes to Consolidated Financial Statements for the year ended March 31, 2019

The estimated useful lives, residual values and depreciation methods are reviewed at the end of each reporting period, with the effect of any changes in estimate accounted for on a prospective basis.

1.07 Intangible assets

Intangible assets acquired separately are measured on initial recognition at cost. Following initial recognition, intangible assets are carried at cost less any accumulated amortisation and accumulated impairment losses.

Intangible assets with finite lives are amortised on straight line basis over their useful economic life and assessed for impairment whenever there is an indication that the intangible asset may be impaired. The amortisation expense on intangible assets with finite lives and impairment loss is recognised in the statement of profit and loss.

Amortisation of intangible assets

Intangible assets are amortized on a straight line basis over the estimated useful economic life as follows:

- Computer software - 2 years.

The amortization period and the amortization method are reviewed at least at each financial year end. If the expected useful life of the asset is significantly different from previous estimates, the amortization period is changed accordingly. If there has been a significant change in the expected pattern of economic benefits from the asset, the amortization method is changed to reflect the changed pattern.

Derecognition of intangible assets

An intangible asset is derecognised on disposal, or when no future economic benefits are expected from use or disposal. Gains or losses arising from derecognition of an intangible asset, measured as the difference between the net disposal proceeds and the carrying amount of the asset, are recognised in statement of profit and loss when the asset is derecognised.

1.08 Investment properties

Property that is held for long-term rental yields or for capital appreciation or both, and that is not occupied by the Group, is classified as investment property. Investment property is measured initially at its cost, including related transaction costs and where applicable borrowing costs. Subsequent expenditure is capitalised to the asset's carrying amount only when it is probable that future economic benefits associated with the expenditure will flow to the Group and the cost of the item can be measured reliably. All other repairs and maintenance costs are expensed when incurred. When part of an investment property is replaced, the carrying amount of the replaced part is derecognised.

1.09 Borrowing costs

Borrowing costs directly attributable to the acquisition, construction or production of qualifying assets, which are assets that necessarily take a substantial period of time to get ready for their intended use or sale, are added to the cost of those assets, until such time as the assets are substantially ready for their intended use or sale.

Interest income earned on the temporary investment of specific borrowings pending their expenditure on qualifying assets is deducted from the borrowing costs eligible for capitalisation.

All other borrowing costs are recognised in profit or loss in the period in which they are incurred.

1.10 Impairment of non-financial assets

Carrying amount of Property, Plant and Equipment, intangible assets and investments in joint venture and associates (which are accounted under equity method) are tested for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. An impairment loss is recognised for the amount by which the asset's carrying amount exceeds its recoverable amount. The recoverable amount is the higher of an asset's fair value less costs of disposal and value in use.

For the purposes of assessing impairment, assets are grouped at the lowest levels for which there are separately identifiable cash inflows which are largely independent of the cash inflows from other assets or group of assets (cash-generating units).

Non-financial assets other than goodwill that suffered impairment are reviewed for possible reversal of the impairment at the end of each reporting period. When an impairment loss subsequently reverses, the carrying amount of the asset (or cash-generating unit) is increased to the revised estimate of its recoverable amount, but so that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognised for the asset (or cash-generating unit) in prior years. A reversal of an impairment loss is recognised immediately in profit and loss.

1.11 Non-current assets held for sale

Non-current assets are classified as held for sale if their carrying amount will be recovered principally through a sale transaction rather than through continuing use and a sale is considered highly probable. They are measured at the lower of their carrying amount and fair value less costs to sell. Non-current assets are not depreciated or amortised while they are classified as held for sale. Non-current assets classified as held for sale are presented separately from the other assets in the balance sheet.

1.12 Financial instruments

Financial assets and financial liabilities are recognised when an entity becomes a party to the contractual provisions of the instruments.

Initial recognition and measurement – Financial assets and Financial liabilities

Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss and ancillary costs related to borrowings) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognised immediately in the statement of profit and loss.

Notes to Consolidated Financial Statements for the year ended March 31, 2019

Classification and subsequent measurement : Financial assets

The Group classifies financial assets as subsequently measured at amortised cost, fair value through other comprehensive income ("FVTOCI") or fair value through profit or loss ("FVTPL") on the basis of following :

- the entity's business model for managing the financial assets and
- the contractual cash flow characteristics of the financial asset.

Amortised cost

A financial asset is classified and measured at amortised cost if both of the following conditions are met :

- the financial asset is held within a business model whose objective is to hold financial assets in order to collect contractual cash flows and
- the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

FVTOCI

A financial asset is classified and measured at FVTOCI if both of the following conditions are met :

- the financial asset is held within a business model whose objective is achieved by both collecting contractual cash flows and selling financial assets and
- the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

FVTPL

A financial asset is classified and measured at FVTPL unless it is measured at amortised cost or at FVTOCI.

All recognised financial assets are subsequently measured in their entirety at either amortised cost or fair value, depending on the classification of the financial assets.

Impairment of Financial assets

The Group assesses on a forward looking basis the expected credit losses associated with its assets carried at amortised cost. The impairment methodology applied depends on whether there has been a significant increase in credit risk.

For trade receivables only, the Group applies the simplified approach permitted by Ind AS 109 financial instruments, which requires expected lifetime losses to be recognised from initial recognition of the receivables.

Classification and subsequent measurement : Financial liabilities

The Group's financial liabilities include trade and other payables, loans and borrowings including bank overdrafts, financial guarantee contracts.

Financial liabilities at FVTPL

Financial liabilities are classified as at FVTPL when the financial liability is held for trading or are designated upon initial recognition as FVTPL.

Gains or losses on financial liabilities held for trading are recognised in the statement of profit and loss.

Other Financial liabilities

Other financial liabilities (including borrowings and trade and other payables) are subsequently measured at amortised cost using the effective interest method.

The effective interest method is a method of calculating the amortised cost of a financial liability and of allocating interest expense over the relevant period. The effective interest rate is the rate that exactly discounts estimated future cash payments (including all fees and points paid or received that form an integral part of the effective interest rate, transaction costs and other premiums or discounts) through the expected life of the financial liability, or (where appropriate) a shorter period, to the net carrying amount on initial recognition.

Derecognition of Financial assets and Financial liabilities :

The Group de-recognises a financial asset when the contractual rights to the cash flows from the financial asset expire, or it transfers the rights to receive the contractual cash flows in a transaction in which substantially all of the risks and rewards of ownership of the financial asset are transferred. If the Group enters into transactions whereby it transfers assets recognised on its balance sheet, but retains either all or substantially all of the risks and rewards of the transferred assets, the transferred assets are not derecognised.

A financial liability is derecognised when the obligation under the liability is discharged or cancelled or expires.

1.13 Inventories

Inventory of construction materials is valued at lower of cost (net of indirect taxes, wherever recoverable) and net realizable value. Cost is determined on FIFO basis. However, inventory is not written down below cost if the estimated revenue of the concerned contract is in excess of estimated cost.

Work in progress consists of projects and contracts in progress and are stated at cost (net of indirect taxes, wherever recoverable) or net realizable value, whichever is lower. Projects in progress include costs of incomplete properties for which the entity has not entered into sale agreements. Projects in progress also include initial project costs that relate directly to a (prospective) project, incurred for the purpose of securing the project. These costs are recognized as expenditure for the year in which they are incurred unless they are separately identifiable and it is probable that the respective project will be obtained. Costs included in inventory include costs incurred up to the completion of the project viz. cost of land, materials, services and other expenses (including borrowing costs) attributable to the projects. Other stock is valued at lower of cost (net of indirect taxes, wherever recoverable) and net realizable value.

Notes to Consolidated Financial Statements for the year ended March 31, 2019

Finished properties are stated at lower of cost and net realizable value.

1.14 Revenue recognition

The Group derives revenues primarily from construction contracts relating to works and services. The Group is also engaged in the business of real estate development.

Effective 01 April 2018, the Group has adopted Indian Accounting Standard 115 (Ind AS 115) 'Revenue from contracts with customers' using the cumulative catch-up transition method, applied to contracts that were not completed as on the transition date i.e. 01 April 2018. Accordingly, the comparative amounts of revenue and the corresponding contract assets / liabilities have not been retrospectively adjusted. The effect on adoption of Ind-AS 115 was insignificant.

Revenue is recognized on satisfaction of performance obligations upon transfer of control of promised works or services to customers in an amount that reflects the consideration the Group expects to receive in exchange for those works or services. Performance obligation may be satisfied over time or at a point in time. Performance obligations satisfied over time if any one of the following criteria is met. In such cases, revenue is recognized over time

1. The customer simultaneously receives and consumes the benefits provided by the Group's performance; or
2. The Group's performance creates or enhances an asset that the customer controls as the asset is created or enhanced; or
3. The Group's performance does not create an asset with an alternative use to the Group and the Group has an enforceable right to payment for performance completed to date

For performance obligations where one of the above conditions are not met, revenue is recognised at the point in time at which the performance obligation is satisfied.

In case of construction contracts for works and services where revenue is recognized over time, the amount of Revenue is determined on the basis of project expenses incurred in relation to estimated project expenses.

In case of real estate development where revenue is recognised over the time, the amount is determined from the financial year in which the agreement to sell or application forms (containing salient terms of agreement to sell) is executed. The period over which revenue is recognised is based on right to payment for performance completed. In determining whether the Group has right to payment, the Group shall consider whether it would have an enforceable right to demand or retain payment for performance completed to date if the contract were to be terminated before completion for reasons other than Group's failure to perform as per the terms of the contract.

The revenue recognition of real estate property under development requires forecasts to be made of total budgeted costs with the outcomes of underlying construction contracts, which further require assessments and judgements to be made on changes in work scopes and other payments to the extent they are probable and they are capable of being reliably measured. However, where

the total project cost is estimated to exceed total revenues from the project, the loss is recognized immediately in the statement of profit and loss.

The expenditure incurred in relation to the projects under development is accumulated under the head work-in-progress. The estimated project cost includes construction cost, construction materials, other direct cost, borrowing cost and other overheads of such projects.

Dividend income

Dividend income from investments is recognised when the shareholder's right to receive payment has been established (provided that it is probable that the economic benefits will flow to the Group and the amount of income can be measured reliably).

Interest income

Interest income from a financial asset is recognised when it is probable that the economic benefits will flow to the Group and the amount of income can be measured reliably. Interest income is accrued on a time basis, by reference to the principal outstanding and at the effective interest rate applicable.

1.15 Employee benefits

a) Short-term obligations

Short term employee benefits are recognised as an expense at an undiscounted amount in the statement of profit & loss of the year in which the related services are rendered. Accumulated leave, which is expected to be utilized within the next 12 months, is treated as short-term employee benefit. The Group measures the expected cost of such absences as the additional amount that it expects to pay as a result of the unused entitlement that has accumulated at the reporting date.

b) Post-employment obligations

The Group operates the following post-employment schemes:

- defined benefit plans such as gratuity; and
- defined contribution plans such as provident fund.

Gratuity obligations

The liability or asset recognised in the balance sheet in respect of defined benefit gratuity plans is the present value of the defined benefit obligation at the end of the reporting period. The defined benefit obligation is calculated annually by actuaries using the projected unit credit method.

The present value of the defined benefit obligation denominated in INR is determined by discounting the estimated future cash outflows by reference to market yields at the end of the reporting period on government bonds that have terms approximating to the terms of the related obligation.

The net interest cost is calculated by applying the discount rate to the net balance of the defined benefit obligation. This cost is included in employee benefit expense in the statement of profit and loss.

Remeasurement gains and losses arising from experience

Notes to Consolidated Financial Statements for the year ended March 31, 2019

adjustments and changes in actuarial assumptions are recognised in the period in which they occur, directly in other comprehensive income. They are included in retained earnings in the statement of changes in equity and in the balance sheet.

Defined contribution plans

Contributions to provident fund, a defined contribution plan, are made in accordance with the rules of the statute and are recognized as expenses when employees render service entitling them to the contributions. The Group has no obligation, other than the contribution payable to the provident fund.

The obligations are presented as current liabilities in the balance sheet if the entity does not have an unconditional right to defer settlement for at least twelve months after the reporting period, regardless of when the actual settlement is expected to occur.

1.16 Taxes on income

Income tax expense represents the sum of the tax currently payable and deferred tax.

Current tax

The tax currently payable is based on taxable profit for the year. Taxable profit differs from 'Profit before tax' as reported in profit and loss because of items of income or expense that are taxable or deductible in other years and items that are never taxable or deductible. The Group's current tax is calculated using tax rates that have been enacted or substantively enacted by the end of the reporting period.

Deferred tax

Deferred tax is recognized on temporary differences between the carrying amounts of assets and liabilities in the financial statements and the corresponding tax basis used in the computation of taxable profits. Deferred tax liabilities are generally recognized for all taxable temporary differences. Deferred tax assets are generally recognized for all deductible temporary differences to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilized.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be recovered.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset realised, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period.

The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the Group expects, at the end of the reporting period, to recover the carrying amount of its assets and liabilities.

Current and deferred tax for the year

Current and deferred tax are recognised in profit or loss, except when they relate to items that are recognised in other comprehensive income or directly in equity, in which case, the current and deferred tax are also recognised in other comprehensive income or directly in equity respectively.

1.17 Earnings Per Share (EPS)**Basic earnings per share**

Basic earnings per share is calculated by dividing :

- the profit attributable to owners of the Group
- by the weighted average number of equity shares outstanding during the financial year, adjusted for bonus elements in equity shares

Diluted earnings per share

Diluted earnings per share adjusts the figures used in the determination of basic earnings per share to take into account:

- the after income tax effect of interest and other financing costs associated with dilutive potential equity shares, and
- the weighted average number of additional equity shares that would have been outstanding assuming the conversion of all dilutive potential equity shares.

1.18 Provisions, Contingent liabilities and Contingent assets

Provisions are recognized when the Group has a present obligation (legal or constructive) as a result of a past event; it is probable that the Group will be required to settle the present obligation, and a reliable estimate can be made of the amount of the obligation.

The amount recognized as a provision is the best estimate of the consideration required to settle the present obligation at the end of the reporting period, taking into account the risk and uncertainties surrounding the obligation. When a provision is measured using the cash flows estimated to settle the present obligation, its carrying amount is the present value of those cash flows (when the effect of the time value of money is material).

Contingent liabilities are stated separately by way of a note. Contingent liabilities are disclosed when the Group has a possible obligation or a present obligation and it is not probable that a cash outflow will be required to settle the obligation. Contingent assets are neither recognised nor disclosed.

1.19 Cash and cash equivalents

For the purpose of presentation in the statement of cash flows, cash and cash equivalents includes cash on hand, deposits held at call with financial institutions, other short-term, highly liquid investments with original maturities of three months or less that are readily convertible to known amounts of cash and which are subject to an insignificant risk of changes in value, and bank overdrafts. Bank overdrafts are shown within borrowings in current liabilities in the balance sheet.

1.20 Segment reporting

Operating segments are reported in a manner consistent with the internal reporting provided to the Chief Operating Decision Maker

Notes to Consolidated Financial Statements for the year ended March 31, 2019

(CODM). The operating segments have been identified on the basis of nature of products/service. The CODM is responsible for allocating resources and assessing performance of the operating segments of the Group.

1.21 Leases

The determination of whether an arrangement is, or contains, a lease is based on the substance of the arrangement at the inception date, whether fulfilment of the arrangement is dependent on the use of a specific asset or assets or the arrangement conveys a right to use the asset, even if that right is not explicitly specified in an arrangement.

As a lessee

Leases in which a significant portion of the risks and rewards of ownership are not transferred to the Group as lessee are classified

as operating leases. Payments made under operating leases (net of any incentives received from the lessor) are charged to statement of profit and loss on a straight-line basis over the period of the lease unless the payments are structured to increase in line with expected general inflation to compensate for the lessor's expected inflationary cost increases.

As a lessor

Lease income from operating leases where the Group is a lessor is recognised as income on a straight-line basis over the lease term unless the receipts are structured to increase in line with expected general inflation to compensate for the expected inflationary cost increases. The respective leased assets are included in the balance sheet based on their nature

4.05 Capital management

Risk management

The Group's objectives when managing capital are to safeguard its ability to continue as a going concern, so that it can continue to provide returns for shareholders and benefits for other stakeholders, and maintain an optimal capital structure to maximise shareholder value. For the purpose of the group's capital management, capital includes capital and all other equity reserves.

The capital structure of the Group is based on management's judgement of the appropriate balance of key elements in order to meet its strategic and day-to-day needs. The Group considers the amount of capital in proportion to risk and manages the capital structure in light of changes in economic conditions. The net borrowings of the Group stood at ₹45,017.09 lakhs as at March 31, 2019 (₹43,651.88 lakhs as at March 31, 2018). The Group has no externally imposed capital requirements.

In order to maintain or achieve a capital structure that maximises the shareholder value, the Group allocates its capital for distribution as dividend or re-investment into business based on its long term financial plans. As at March 31, 2019, the Group has only one class of equity shares.

4.06 Financial instruments : Fair value measurements, Financial risk management and Capital management

(i) Methods and assumptions used to estimate the fair values

The fair values of the financial assets and liabilities are included at the amount at which the instrument could be exchanged in a current transaction between willing parties, other than in a forced or liquidation sale.

The following methods and assumptions were used to estimate the fair values:

- The carrying amounts of receivables and payables which are short term in nature such as trade receivables, other receivables, other bank balances, deposits, loans, accrued interest, trade payables, receivables / payables for property, plant and equipment, demand loans from banks and cash and cash equivalents are considered to be the same as their fair values.
- The fair values of non-current assets and liabilities are measured at amortised cost and are classified as level 3 fair values in the fair value hierarchy due to the use of unobservable inputs.
- For financial assets and liabilities that are measured at fair value, the carrying amounts are equal to the fair values.

(ii) Categories of financial instruments

The Group uses the following hierarchy for determining and disclosing the fair value of financial instruments by valuation technique:

Level 1: Unadjusted quoted prices in active markets for identical assets or liabilities.

Level 2: Directly or indirectly observable market inputs, other than Level 1 inputs; and

Level 3: Inputs which are not based on observable market data

(iv) Financial risk management

Risks are events, situations or circumstances which may lead to negative consequences on the Group's businesses. Risk management is a structured approach to manage uncertainty. The Board has adopted a risk management policy. All business divisions and corporate functions have embraced risk management policy and make use of it in their decision making. Risk management is an integral part of the business practices of the Group.

The Group's activities expose it to credit risk, liquidity risk and market risk. These key business risks and their mitigation are considered in day-to-day working of the Group.

a. Credit risk

Credit risk arises from the possibility that the counterparty will cause financial loss to the Group by failing to discharge its obligation as agreed. To manage this, the Group periodically assesses the financial reliability of customers, taking into account the financial condition, current economic trends, and analysis of historical bad debts and ageing of accounts receivable. Individual risk limits are set accordingly.

Notes to Consolidated Financial Statements for the year ended March 31, 2019

All amounts are in INR (Lakhs) unless otherwise stated

Credit risk arises primarily from financial assets such as trade receivables, investments in mutual funds and other balances with banks. Credit risk arising from investments in mutual funds and other balances with banks is limited as the counterparties are banks and financial institutions with high credit ratings.

Provisions made / (reversed)	(26.90)	(44.05)
Balance at the end of the year	406.00	432.90

b. Liquidity risk

Liquidity risk is the risk that the Group will encounter difficulty in meeting obligations associated with financial liabilities that are settled by delivering cash or another financial asset. The objective of liquidity risk management is to maintain sufficient liquidity and ensure that funds are available for use as per requirements. The Group's principal sources of liquidity are cash and cash equivalents, borrowings and the cash flow that is generated from operations. The Group has consistently generated sufficient cash flows from its operations and believes that these cash flows along with its current cash and cash equivalents and funding arrangements are sufficient to meet its financial obligations as and when they fall due. Accordingly, liquidity risk is perceived to be low.

Maturities of financial liabilities

The table below provides details regarding the remaining contractual maturities of financial liabilities as at the reporting date:

As at March 31, 2019	less than 1 year	1 to 5 years	Total
Non-Derivatives			
Borrowings	4,737.09	40,280.00	45,017.09
Trade payables	2,852.04	-	2,852.04
Other financial liabilities	2,007.73	122.24	2,129.97
As at March 31, 2018			
Non-Derivatives			
Borrowings	4,774.28	38,877.60	43,651.88
Trade payables	5,169.79	-	5,169.79
Other financial liabilities	2,627.56	1,100.72	3,728.28

c. Market Risk

Market risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices. The value of a financial instrument may change due to changes in the interest rates. Financial instruments affected by market risk includes loans and borrowings.

d. Interest Rate Risk

The Group is exposed to interest rate risk as the Group borrows funds at both fixed and floating interest rates. The risk is managed by the Group by maintaining an appropriate mix between fixed and floating rate borrowings. As an estimation of the approximate impact of the interest rate risk, with respect to financial instruments, the Group has calculated the impact of a 50 bps change in the interest rates. A 50 bps increase in the interest rates would have led decrease in the profits before tax amounting approximately to ₹ 40.33 lakhs. A 50 bps decrease in the interest rates would have led an increase in the profits before tax amounting approximately to ₹ 36.63 lakhs.

Sensitivity analysis

Sensitivity analysis indicates the influence of a reasonable change in certain significant assumptions on the outcome of the Present Value of Obligation (PVO) and aids in understanding the uncertainty of reported amounts. Sensitivity analysis is done by varying one parameter at a time and studying its impact.

A) Impact of change in Discount rate when base assumption is decreased / increased by 100 basis point

Discount Rate	31/03/2019 Present Value of Obligation	Discount Rate	31/03/2018 Present Value of Obligation
6.70%	293.28	6.90%	490.67
8.70%	250.53	8.90%	400.67

B) Impact of change in salary increase rate when base assumption is decreased / increased by 100 basis point

Salary Increment Rate	31/03/2019 Present Value of Obligation	Salary Increment Rate	31/03/2018 Present Value of Obligation
4.00%	253.54	9.00%	408.34
6.00%	288.94	11.00%	480.65

C) Impact of change in withdrawal rate when base assumption is decreased / increased by 100 basis point

Withdrawal Rate	31/03/2019 Present Value of Obligation	Withdrawal Rate	31/03/2018 Present Value of Obligation
4.00%	265.34	4.00%	447.40
6.00%	275.05	6.00%	437.29

Risk exposure and asset liability matching :

Provision of a defined benefit scheme poses certain risks, some of which are detailed hereunder, as the Group takes on uncertain long term obligations to make future benefit payments.

Notes to Consolidated Financial Statements for the year ended March 31, 2019

All amounts are in INR (Lakhs) unless otherwise stated

Liability Risks -Asset - Liability Mismatch Risk -

Risk which arises if there is a mismatch in the duration of the assets relative to the liabilities. By matching duration with the defined benefit liabilities, the Group is successfully able to neutralize valuation swings caused by interest rate movements.

Discount Rate Risk -

Variations in the discount rate used to compute the present value of the liabilities may seem small, but in practise can have a significant impact on the defined benefit liabilities.

Future Salary Escalation and Inflation Risk -

Since price inflation and salary growth are linked economically, they are combined for disclosure purposes. Rising salaries will often result in higher future defined benefit payments resulting in a higher present value of liabilities especially unexpected salary increases provided at management's discretion may lead to estimation uncertainties increasing this risk.

Unfunded Plan Risk -

This represents unmanaged risk and a growing liability. There is an inherent risk here that the Group may default on paying the benefits in adverse circumstances.

4.13 Manaj Tollway Private Limited (MTPL) had issued a termination letter to Public Works Department (PWD) Pune, Government of Maharashtra on 30th March, 2015 for terminating the Concession Agreement with respect to the construction of road on DBFOT basis due to unresolved matters on land acquisition and forest clearance and had stopped the work. Accordingly, MTPL had suspended the capitalization of the interest cost for the period and debited the same to Profit and Loss account as active development of the project had been interrupted. As at March 31, 2019, expenses incurred on construction of tollway and classified as "Intangibles Under Development" amounted to ₹12,993.14 lakhs (Twelve thousand nine hundred ninety three point one four lakhs).

MTPL had claimed costs incurred and compensation in line with the terms of the Concession Agreement from the authorities. MTPL had filed arbitration petition before the Arbitral Tribunal on August 24, 2017. The Hon'ble Arbitrator, in relation to Arbitration Proceedings, vide his award dated August 17, 2018 and corrected award dated September 21, 2018, has passed the order in favour of MTPL against which PWD has filed an application on November 13, 2018, under section 34 of the The Arbitration and Conciliation (Amendment) Act, 2015.

Ind AS 116- Leases

On March 30, 2019, Ministry of Corporate Affairs (MCA) has notified the Ind AS 116 Leases which replaces the existing Ind AS 17 Leases.

The new standard will come into force from April 1, 2019.

The core principle of the new standard lies in identifying whether the contract is or contains a lease. A contract is, or contains, a lease if the contract conveys the right to control the use of an identified asset for a period of time in exchange for consideration. The new standard modifies the accounting of leases in the books of lessee. At the commencement date, a lessee shall recognise a right-of-use asset and a lease liability, for all leases with a term of more than 12 months, unless the underlying asset is of a low value. The accounting for leases in the books of the lessor is substantially similar to the requirements of Ind AS 17.

The standard allows for two methods of transition: the full retrospective approach, requires entities to retrospectively apply the new standard to each prior reporting period presented and the entities need to adjust equity at the beginning of the earliest comparative period presented, or the modified retrospective approach, under which the date of initial application of the new leases standard, lessees recognize the cumulative effect of initial application as an adjustment to the opening balance of equity as of annual periods beginning on or after April 1, 2019.

The Company will adopt this standard using modified retrospective method effective April 1, 2019, and accordingly, the comparative for year ended March 31, 2019, will not be retrospectively adjusted.

The effect on adoption of Ind AS 116 is being ascertained.

4.15 Figures for previous periods are re-classified / re-arranged / re-grouped, wherever necessary.
