## Note

**1.01 Corporate information**

MICL HOMES LLP is a limited liability partnership, registered under the Limited liability partnership Act, 2008, incorporated on December 24, 2021. The LLP is engaged in Business of Real Estate activities.

**Significant accounting policies****1.02 Basis of accounting and preparation of Financial Statements**

The Financial Statements have been prepared on accrual basis under the historical cost convention and in accordance with the applicable accounting standards prescribed by The Institute of Chartered Accountants Of India (ICAI). The accounting policies are consistently applied unless otherwise stated.

**1.03 Use of Estimates:**

The preparation of Financial Statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent liabilities at the date of the Financial Statements and the results of operations during the reporting period end. Although these estimates are based upon management's best knowledge of current events and actions, actual results could differ from these estimates.

**1.04 Cash and cash equivalents**

Cash comprises cash on hand and demand deposits with banks. Cash equivalents are short-term balances (with an original maturity of three months or less from the date of acquisition), highly liquid investments that are readily convertible into known amounts of cash and which are subject to insignificant risk of changes in value.

**1.05 Cash flow statement**

Cash flows are reported using the indirect method, whereby profit / (loss) before extraordinary items and tax is adjusted for the effects of transactions of non-cash nature and any deferrals or accruals of past or future cash receipts or payments. The cash flows from operating, investing and financing activities of the LLP are segregated based on the available information.

**1.06 Tangible fixed assets**

Fixed assets, are carried at cost less accumulated depreciation and impairment losses, if any. The cost of fixed assets includes interest on borrowings attributable to acquisition of qualifying fixed assets up to the date the asset is ready for its intended use and other incidental expenses incurred up to that date. Machinery spares which can be used only in connection with an item of fixed asset and whose use is expected to be irregular are capitalised and depreciated over the useful life of the principal item of the relevant assets. Subsequent expenditure relating to fixed assets is capitalised only if such expenditure results in an increase in the future benefits from such asset beyond its previously assessed standard of performance.

Fixed assets acquired and put to use for project purpose are capitalised and depreciation thereon is included in the project cost till commissioning of the project.

**1.07 Revenue recognition**

Construction revenue has been recognised on percentage completion method (which comprises of Land cost in proportion to percentage of completion of construction) provided the following thresholds have been met:

- (a) All Critical approvals necessary for the commencement have been obtained.
- (b) The expenditure incurred on construction and development cost is not less than 25 per cent of the total estimated construction and development costs.
- (c) At least 25 percent of the saleable project area is secured by contracts or agreement with buyers; and
- (d) At least 10 percent of the allotment / agreement value is realised at the reporting date in respect of such contracts and it is reasonable to expect that the parties to such contracts will comply with the payment terms as defined in the contracts.

**1.10 Other income**

Interest income is accounted on accrual basis. Dividend income is accounted for when the right to receive it is established.

**1.11 Investments**

Long-term investments (excluding investment properties), are carried individually at cost less provision for diminution, other than temporary, in the value of such investments. Current investments are carried individually, at the lower of cost and fair value. Cost of investments include acquisition charges such as brokerage, fees and duties.

**1.12 Employee Benefits**

The LLP provides for gratuity & bonus for employees. Actuarial gains / losses are immediately taken to the Profit and Loss account and are not deferred. The LLP consider the total tenure of the employees including the years worked in the Group.

**1.13 Borrowing costs**

Costs in connection with the borrowing of funds to the extent not directly related to the acquisition of qualifying assets are charged to the Statement of Profit and Loss. Borrowing costs, allocated to and utilised for qualifying assets, pertaining to the period from commencement of activities relating to construction / development of the qualifying asset upto the date of capitalisation of such asset is added to the cost of the assets less interest earned on the temporary investment.

**1.14 Taxes on income**

Tax expense comprises of current tax & deferred tax. Deferred tax are accounted for in accordance with Accounting Standard 22 on "Accounting for Taxes on Income", (AS 22) issued by the Institute of Chartered Accountants of India. Current tax is measured at the amount expected to be paid to/recovered from the tax authorities, using the applicable tax rates. Deferred tax assets and liabilities are recognized for future tax consequences attributable to timing differences between taxable income and accounting income that are capable of reversal in one or more subsequent years and are measured using relevant enacted tax rates. The carrying amount of deferred tax assets at each Balance sheet date is reduced to the extent that it is no longer reasonably certain that sufficient future taxable income will be available against which the deferred tax asset can be realized.

**1.15 Provisions and contingencies**

A provision is recognised when the LLP has a present obligation as a result of past events and it is probable that an outflow of resources will be required to settle the obligation in respect of which a reliable estimate can be made. Provisions (excluding retirement benefits) are not discounted to their present value and are determined based on the best estimate required to settle the obligation at the Balance Sheet date. These are reviewed at each Balance Sheet date and adjusted to reflect the current best estimates. Contingent liabilities are disclosed in the Notes.

Contingent assets are neither recognized nor disclosed in the Financial Statements.
